promoted; to be Ensign: Charles Seale, gentle- and hackneyed river side reserts of the Lower man, M.S., vice Strachan, promoted.

BOATING.-Now that the mornings and evenings are quite long, which enables mechanics and others to have a little recreation and exercise, no better way of doing this can present itself than getting a boat for a short time and taking a pull at the oar. Mr Mc-Corkell and Mr Cunningham have a great many beats of all kinds on hand, and we would advise all who wish to spend an hour pleasantly to go upon the bay. Messrs Mc-Corkell and Cunningham have had their boats all repainted and fixed up so as to afford every comfort to parties going out for pleasure as

well as exercise. FIRST TRIP OF THE CHICORA. The following letter, which appeared in the Mail of the 21st ult., was written by a King

stonian now at Thunder Bay :-discouraging reports which had reached me concerning the vast quantities of ice. We get souls. And the luggage of all these people horses, cattle, and all the freight the boat could carry in hold or on deck, and you may Profes. -- The want of information regarding heve some nervous persons turned back at by letter post paid, blank forms will be for- three years. It is feared that the unfortunate warded to be filled up with the information | results of that miserable "Mineral Hill" busirequired. Address, "Canada Settler's Guide." ness, on which the Times in its money article commented so severely some time ago, will be felt even here--as in how many other parts

of the world-in the suspension of active The religious temperance meetings held in mining operations. Surely after so bitter a the Son's of Temperance Hall, Sabbath after lesson it will be some time before John Bull allows Brother Jonathan to come it over him so cleverly again. At Sault Ste Marie we were told that the entrance to Lake Superior was still bound by ice solid enough to bear a team. These reports, and the non-appearance of any boats from up lake, decided Captain Orr to lie over till next morning. Point aux Pins was left behind at nine a.m., with no instruction in service in Manitoba. They have to leave here Point we also caught a glimse of a field of ice in order to take the steamer at Collingwood on stretching right across the Batchewanning Bay without passage through or prospect of getting around it. As we got near we could see, to our great relief, that the ice belt, through PRESENTATION TO THE PROPRIETORS OF THE | wide and of great thickness, was broken up; WITNESS.—On Monday evening last a very in- and the Chicora braced herself, took a run, and went at it gallantly. Then came an exteresting ceremony took place at the residence citing half hour, spiced with just enough danif the Messrs Dougall, proprietors of the ger to make it interesting. On every side Montreal Witness. It was the presentation of rose numberless miniature icebergs of most an address and a framed collection of photoassume under the play of light and shade. ber of eighty. The picture was accompanied by brought into requisition, and everybody lent an address expressive of the esteem in which a hand to help to fend off the heavier masses Dougall made suitable replies, and Messrs F. jabbing away most ferociously at the ice E. Grafton and Saudham afterwards made which would not come within his reach. short addresses. Mr Beatty, the foreman of would strike some immense lump, and the Witness, was also presented with a hand- mighty throb and shudder would run through address expressive of the esteem felt for him more freely when we saw the blue water by his fellow-workmen. Such tokens as these we touched at Michipicoton Island, and landdisplay a kindly feeling between masters and ed the veteran guardian of the light, which, workmen, and go a long way in preventing rising almost from the centre of Lake Superior, serves as a beacon and a guide to mariners on either side of the lake. Leaving behind us the little group of islands, bathed in DAIRY FARMING .- Mr Nicholson, formerly of | the full moonlight in all their solitary and l'ittsburgh, has bought one thousand acres of rugged beauty, we steered nearly a straight course for Thunder Bay. Passing the long Bedford, and intends to pursue the dairy Isle Royale and Thunder Cape came in view. tongue at Point Kewewenaw, soon after noon business. The whole of the townships in rear At Silver Islet we found a wharf fairly coverof Kingston might be studded with English | ed with barrels of silver ore, the result of the dairymen like Mr Nicholson if the Ontario per barrel one million of dollars (\$1,000,000) Crown Lands Commissioner had not "timber would hardly be an over-estimate of this preon the brain." The country is well suited for | cious freight. Rounding Thunder Cape we purpose, bears nutritious grasses, and is well watered, and will thrive better in the back-weeds than in the front townships. Now and filling, and dodging about generally, we that the railway is under construction will the | managed to work through, and at 9 p.m. on Government do anything to open up the country before it is cleared of its last stick of down to receive us, and as we came within hail, three rousing cheers greeted us from the wharf, and were as cordially acknowledged from the vessel. Only these who have been imprisoned here from November, with scarceof the strongest lines now on the lakes, is the ly a link from the outer world, can realize the interest with which the advent of the "first boat" is watched. Added to their other deprivations the residents of Thunder Bay were, owing to the failure of the Cumberland and Chicera to reach them on their last trips of the past season, reduced to a diet of salt pork and at Hamilton) Canada, Columbia, California not very good quality at that. Those who could not stomach this diet kept a double Lent, and kept it thoroughly. To these our and have splendid saloons and spacious state- arrival meant Easter, albeit six weeks late. rooms, affording every accommedation for a Beer, too, had run out some weeks ago, and pleasant passenger trip on the lakes. Besides, great was the jubilation over a keg, which, each has ample freight-room, and will pay tapped and on draught at Summer's Hetel. within five minutes of her arrival, was landed weil if filled at each trip, as the business gives | Except for the wharf, a splendid piece of Gov every promise of. The line is run in connec- ernment work, and as much building as the tion with the Allan Liverpool and Glasgow brought little change to the landing. With the late arrivals the streets now present a busy will foster the trade, via the lakes, between and stirring scene. Mining and explorations Chicago and the European ports.
