MR McMullen .- It is not easy to handle pitch and not be defiled, but we shall try to de so on this occasion. Wo accordingly propose to say a few words about another of the chief actors in the and his system of government was a therough working up of this idea. But a difficulty with which England's great Prime Minister had not to deal is now before us. When Walpole bought a man he usually it was he who inaugurated these plans of set about making Sir Hugh pay dear for his tampering. They certainly had him in a close place, and they determined to make him pay well for his indiscreetness. The demands made by McMullen for hush money were, as Sir Hugh says perfectly exorbitant, and he refused to meet them. But willing to save himself from exposure he at last consented to give a good round sum, and he expressly declares that Mc-Mullen received the greater part of it. The ed.
