The Daily News.

WEDNESDAY EVENING, JULY 30.

Dr. Walker's Vinegar Bitters.

Parisian Correspondence. TO THE EDITOR OF THE DAILY NEWS. Paris, July 14.—It is undoubtedly a debata- untidy soldiers, corpulent dames and tottering ble point whether Pleasure built Paris, or took old men, all trouped to see the festoons of up her abode within its walls after its palaces white globes which cross and recross the and parks were made. There is a charm in Place de la Concord and extend up to the Are the every aspect of this city, in its boulevards, de Triomphe, lit up with gas. The Madelime its gardens, its public promenades, its gor- and the Chamber of Deputies were illuminated geous palaces, its tower-crowned churches, its with Bengal lights: the flower beds and quaint old houses, which produces a powerful shrubberies were a mass of coloured fascination upon the senses. There are few lamps; 25,000 lamps glittered along spots that have not some peculiar grace with the sides of the river; the bridges were which to attract the eye. No sign is visible to surrounded by colored fire, and strong electric the traveller of the bloody work of 1870-71, lights cast their bright beams hither and when first the Prussians, and next the Com- thither. The rockets had just announced munists, spread death, desolation and despair that his Majesty, the Shah, had taken his over this fair city, save where the bare walls seat in the Royal Pavilion, and the fireworks of a once sightly palace tell of the fire-fiend were to begin, when down came a pelting aroused by the desperate Communists; and shower of rain, which lasted at intervals dureven these few marks of the hideous rule of ing the rest of the night. A fierce wind arose, the mob are fast vanishing before the trowel of the gas was extinguished, glasses were blown the mason and the hammer of the carpenter. off and broken, and to be brief, every thing The column of the Place Vendome is again became a perfect fizzle, and as speedily as rising on its pedestal, and strange to say at possible the Shah retired to his quarters. the expense of the forfeited goods of an insur. The racing circles of this gay capital have been MACLEAN'S Co., gent leader. Workmen are busy at the Palais entertaining the Shah with some trotting Royal, at the Palais du Justice, and there are matches, which he seems to have enjoyed imsigns of renovation at the Tuilleries. The mensely. His likenesses are all the rage Cathedral of Notre Dame has been purified here now, as they were in London a week or from all traces of the petroleum wherewith so ago, one sees them wherever one turns; the sacreligious hordes in May, 1871, attempt- little colored balloons of india-rubber are also ed, but fortunately in vain, to destroy this extremely fashionable, and every one appears beautiful temple. This church has its west- to be desirous of pulling one with a string ern facade pierced by three doorways, com- through the streets, or flying it from a balposed of retiring pointed arches, sumptuously cony. I think that this disease vanished carved. The resurrection and the seven car. from the shores of Ontario some time since. dinal virtues and the opposite vices decorate | What strikes a stranger most in Paris is, the central porch; the one to the right is first of all, the crowded cafes, at which, mornadorned by the figure of St. Moreel treading ing, noon and nights, citizens and travellers unceremoniously on a dragon; the other by are lazily sipping their drinks; then the the death and coronation of the Virgin; while | crowded boulevards and parks make one ask, above all run a row of statues representing the | do people ever labor in this abode of plea-Kings of Judah. On either side of the front sure; this question is quickly answered in are two large square towers, and by taking the affirmative, because laborers may be seen 380 steps in a winding round about manner hard at work long before six on these summer the traveller will find himself at the summit of | mornings, and even the Day of Rest is a day the south tower, from which he may gaze on of toil, and the workmen at the churches fulall Paris spread out before him-a glorious fil their daily tasks. There may be pretty panerama, well worth the cost of seeing it. women in Paris, but if there are, they are In this tower hangs the famous Bourdon, a wonderfully successful in keeping out of great bell weighing 322 cwt. (all the Parisian sight. Coarse fat dames and stout roundabout belles weigh heavily when old); the clapper girls seem to be the order of the day; all alone is 1,000 lbs., and it requires eight men seem made after the pattern of the Pyramid to ring it. In 1685 it was baptised with great of Cheops, or the Obelisk of Luxor, scarcely a ceremony, Louis XIV. and his wife being the single good feature to be seen the whole sponsors. Within the church are shown all length of a street, unless one chances to look CC. manner of relics, vestments and altar furni- in at a hair-dressers window and see some ture, the robes worn by the Pope when he faultless waxen beauty, -VIATOR.
