at Kingston regarding the project of constructto have been received in the spirit which dictat. political institutions. ed them. It is undeniable that the advocacy of schemes so repeatedly dropped for others! dence in the ability or determination of the peo- market reports. ple of Kingston to carry out, to completion, line than has been exhibited in other schemes of a similar nature. At a meeting of the County Council the delegates from the Proviprepared shows that the line is to be narrow this part of Canada. gauge; that lumber can be carried from King_ ston to Oswego 60 cents per thousand feet A specimen number is now issued and medy. cheaper than from Brockville; and that the will be sent gratis to any one sending his believed, would consist at the outset of pine and other lumber to Kingston on its way to the United States, there being, according to the calculation, a trade in sawed lumber of from two to three hundred million feet and from ten to fifteen million feet of square timber annually Whether such a trade is to be relied on is perhaps open to grave doubt, so long as there is water communication, although there will un_ questionably be a portion of this trade secured A large part of the supplies required by the lumberers would be taken from that district, as at present everything has to be hauled over immense distances by team, the nsarest point to the lumber establishments in the Pembroke district being Sand Point the terminus of the Brockville and Ottawa line. It is as a colouization road, however, that its construction is advocated, the report showing how small e proportion of attainable land is taken up in the townships through which the proposed line is

to run. The distance it is estimated will be about 140 miles, it being as the crow flies about 115. At that meeting it was very sensibly resolved that the members of the County Council could not take upon themselves to make such a grant as was asked of them, and remitted the matter to the Reeves of the different townships to consult the people, But besides laying the matter before the County Council of Frontenac a deputation proceeded to Pembroke, where the members appear to have been met with great :: & & & & & found that thriving place somewhat divided as afford to do without these periodicals. ential men being in favour of the Canada foremost place. Central. The presence of Mr James O'Reilly. Q.C., and his winning ways, as he laid before the County Council all the advantages of the scheme, led to the passing of a resolution, by which the members of the County Council payers of the County to grant a liberal bonus.

At a meeting of the ratepayers in the evening, For any three of the Reviews 10.00 Mr O'Reilly again held forth, the result being For all four of the Reviews.. 12.00 that when Mr Doran moved a resolution, bind- For Blackwood's Magazine.. 4.00 ing the town of Pembroke to give \$25,000, the For Blackwood and one Reonly terms on which a seconder could be found were that the sum should be doubled; and this For Blackwood and any two resolution, it is stated, was carried with great enthusiasm.
