The present epidemic of small pox in London Chess Boards and Men Pens, all kinds (England) seems parily at least the result of a panic from the supposed dangers connected ith vaccination. A theory was started that vaccination injured the constitution by introducing the impurities and hereditary taints which might have been in the constitution of the ant from whom the vaccine matter was taken. Thereupon anti-vaccination meetings were held, and parents refused to comply with the aw which renders vaccination compulsory. The seems to be a fearful small_pox epidemic, proving a'most always fatal to those who have | Concertinas
