The Daily Mews. MONDAY EVENING, MARCH 27.

SEE LAST PAGE.

enormous land grant of ten millions of acres, tained the advantage, but the constitution capitalists. The government of Ontario, acting on the very general appreciation this scheme as a visionary concern, and desiring to retain control of the public lands, has declined to propose any such grant to the Legislative Assembly; and the projectors have to betake themselves to the Dominion government and the House of Commons to seek assistance in that quarter. The effect of this renewed application has been to open up afresh the whole question of canal extension and improvement in Canada. da would derive further than the first ex- thriving and prosperous community such as penditure of money for construction, it is would be sure to follow the construction of felt, would be very slight and altogether the canal all along its route he should not keep secondary to the benefit which the Western | the land idle, but at once resign it to civiliza-States would derive from any improvement tion, commerce and population. and cheapening in the cost of transport of their produce to the seaboard. Entertaining these ideas the project of joint ownership and neutralization has evolved itself and probably until this is settled the fate of Irrespective of the project for a neutralization of the Canadian canals, the Canal Commission, it is understood, has pronounced in favour of enlarging the Welland and St. Lawrence canals as being] the most fea. sible step for Canada in the direction of canal improvement.

strength of parties in the newly elected such predictions. Legislative Assembly of Ontario give the If we have a change of ministry, which does Ministry a small majority which it is diffi- not seem improbable, I trust the next governcult to fix, but which is probably about six ment will take a more statesman-like view of or eight on a purely ministerial question. this great undertaking than has been accorded This is much closer than was expected; and by their predecessors -Yours, &c., it proves that certain acts of the administration must have influenced public opinion for the government to have lost so much support in the country. The effect is further in very great part due to the systematic organization of the opposition, which has made great efforts and put its machinery; operation with discrimination and effect. The central organization in Toronto supplied opposition candidates to every constituency where there was a chance of defeating a ministerial candidate. No such careful organization seems to have been employed on the ministerial side; and now, almost too late, ministerialists have to learn a lesson Consul, has not yet received his consignment of all times difficult; the extensive sand bars it possible, to find out the justice of the from the tactics of their opponents.
