Purify the Blood and Beautify the Complexion

HELMBOLD'S Catawaba Grape Juice Pills,

HELMBOLD'S HIGHLY CONCENTRATED EXTRACT SARSAPARILLA.

This is the time to use good Blood-renewing, Purifying and Invigorating Medicines. "Helmbold's Fluid Extract Sarsaparilla,"

"HELMBOLD'S FLUID EXTRACT GRAPE-JUICE PILLS,"

ARE THE BEST AND MOST RELIABLE.

One Bottle of Helmbold'S Fluid Extract Sarsaparilla Equals instrength one gallon of the syrup or decoction as made by druggists; and a wine

glass added to a pint of water

Equals the Celebrated Lisbon Diet Drink, A DELIGHTFUL AND HEALTHFUL BEVERAGE.

THE "GRAPE JUICE PILL"

Is composed of Fluid Extract of Catawaba Grape Juice and Fluid Extract Rhubarb. Useful in all diseases requiring a cathartic remedy, and far superior to all other purgatives, such as salts, magnesia, &c.

"HELMBOLD'S GRAPE-JUICE PILL"

Is not a patented pill, put up as those ordinarily vended, but the result of ten years' experimenting and great care in preparation. Safe for and taken by children.

No Nausea, no Griping Pains, but Mild, Pleasant and Safe in Operation. Two bottles of the "FLUID EXTRACT OF SARSAPARILLA" and one bottle of the "GRAPE-JUICE-PILLS" are worth their weight in gold to those suffering from

Bad Blood, Poor Complexion, Headache, Nervousness, Wakefulness at Night, Costiveness. and Irregularities;

and to those suffering from broken and delicate constitutions it will give

NEW BLOOD, NEW VIGOR, and New Life.

The "CATAWABA GRAPE PILLS" are done up with great care and in handsome bottles, and will surpass all those vended in wooden boxes, and carelessly prepared by inexperienced men, comparing with the English and French style of manufacturing. All of H. T. Helmbold's Preparations are Pharmaceutical, not a single one being patented but all on their own merits. Prepared by H. T. HELMBOLD, Practical and Analytical Chemist

Crystal Palace Pharmacy, 594 Broadway, New York. P.S.—HELMBOLD'S EXTRACT BUCHU has gained a world-wide fame. SOLD BY DRUGGISTS EVERYWHERE.

CANADA LIFE ASSURANCE COMPANY Go to Donald Mackay's

ESTABLISHED 1847.

THE UNPRECEDENTED SUCCESS of this Company may be seen by the following comparison of the new transactions each year :-

1868, 447 new policies for 1869, 831 " 1,156,855 " 1,584,456 William 1,550 new policies for 2,350,000 William 1,550 new policies for 2,350,000 " 1,584,456 No. 1,550 new policies for 2,350,000 No. 1,584,456 No. 1

While this extraordinary and gratifying in-

crease of public support and confidence is due in some measure, to the large profits the Company was lately able to divide among its policy holders, it is doubtless also to be attributed to the fact that this is a strictly Canadian Institution, charging low rates of premium, and offering every reasonable advantage which prudence and safety can suggest. THE SECOND ARMADA. CHAPTER OF FUTURE HISTORY

"'Tis the sunset of life gives the mystical

France and Germany in 1871, the English without delay. His Royal Highness the Comalarmists seemed unreasonable to an extent | mander-in-Chief was present in person but that verged on foolishness. Never was there the detailed arrangements were left to Lord a period when, to all outward seeming, an invasion of England was less probable or A couple of hours sufficed to dig in the sand feasible. France was stricken down and dis-such rifle pits and trenches as were still abled. We had amicably arranged our dif- wanting; and these were manned with the ferences with the United States, and the Guards, the Rifles, a battalion of Marines, and greatest military nation of the Continent | the Inns of Court Volunteers. The rocky had apparently neither the disposition nor and uneven ground behind the beach was ocof our independence. If ever there was a the direction of Lord Elcho, whose dispositions country whose interests and constitution were an improvement on those of Roderick pointed to a pacific policy, it was United Dhu:-Germany. She required peace to consolidate her empire, and she could not make war without calling the mercantile man from his desk, the professional or literary man counter, and the agriculturlist from the plough. Then, all-powerful on land, she was powerless on the seas. A contest benavy of the United States sufficiently strong in seagoing iron-clads, like the Minotaur or Monarch, to cross the Atlantic and encounter the English in their own waters.

So thought and argued the wise men all time to come, Free Trade had rendered operate on the flank of the Armada when the war a moral impossibility. Unluckily, mankind are more swayed by their passions, while the ships of war were taking up their their prejudices, their caprices, and their positions to cover the landing, and the transers, having taken umbrage at the tone and they opened their fire at about the distance of could not possibly have miscalculated such

We have frequently heard mothine as regards quality was (what Bugeaud said of proach of those magnificent machines, instinct ers say they would not be without it from the our infantry) the best in Europe; the coast with life and motion, cleaving their way right had been carefully surveyed, earthworks onward through the thick of the hostile arthrown up in some places, rifle pits and mament without stopping to engage the ships trenches dug in others, and railway communi- of war, and running down transport after cation rendered so complete that a large force transport; while almost every shot from their might be concentrated at the shortest notice | tenormous guns sent a ship to the bottom or on a point. It need hardly be added that our left a boat load of men struggling for life in diplomatic agents were on the alert, so that an the waves. If such a fate is appalling to in any quarter of Europe without creating what must it have been to those who saw and simultaneously on their guard against an crashing over them?

Napoleon was meditating an invasion from

"No not throw away your lives uselessly; retreat towards your own shores before an overwhelming force; but if the enemy attempt to land, dash among them at all hazards, an I fight on till you sink them or are sunk." It was on the evening of the 17th of June, 1874, that the Admiralty received intelligence that an American squadron had been sighted of Milford Haven on its way to the Irish Sea, and my Lords immediately telegraphed to the Commander of the Channel Fleet, Admiral Sir Henry Keppel, to be on the look out. Three hours afterwards arrived the news that the Armada had been descried, and subsequent reports coming in rapidly left little doubt that the Suffolk coast had been chosen for the The very locality might be inferred with tolerable certainty from its almost exclusive adaptation to the purpose, and from the ascertained fact that foreign officers disguised as artists had been seen sketching it. We also, with all our talk about un-English practices, had not disdained to employ spies. Fouche certainly sent the Duke of Wellington Napc. leon's plan of the Waterloo campaign, though it came too late; and it was shrewdly suspected, from the unusual foresight shown by the English Government, that there was a Fouche

in the military Cabinet of the League.
