" Opifer per Orbem Dictor."

MONDAY MORNING, MARCH 15, 1852.

absurd not to be true. We occasionally meet, ble to the reduction of the city debt amountwith events in real life of a startling and gre- | ing to £585 13s 9d. This balance, though | Solicitor General for Ireland, Mr. Whiteside. tesque complexion, that fairly distance all small, is a bona fide balance, a real sur- Lord of the Treasury. a priori reasoning, and which find their best title to belief in the utter impossibility that the boldest romancer would have dared to father them. The dome t c careers of Henry VIII. and George IV., the return from Elba, or Louis a hundred years ago. We repeat, that, Judge Advocate, Napoleons's coup d'état, will be accepted, although the balance be small, it is en- Chief Commissioner of from generation to generation, by a posterity couraging to fird that the tide of accumuthat exhausts its critical skepticism on the common-place details of ordinary legislation. On the same principle, a good deal of uncertainty has prevailed for the last two or three days, on the exact posts in the new administration assigned to Mr. Distacli and Lord

Lynchurst. But Lord Malasbury's installation at the these appointments thoroughly, eclipes all antecedent ideas of a Prime Minister's responsilet in a general congregation of the whole

ing contemporaries. Well may we say, Credimus quia impossible! There is no balking of the fact that the empire is at this moment of impossibilities.

to make we merely anticipate the spontane- ting on such an enormous tax as Is 8d in ashamed. (Cheers.) Lwish further to say, with weighed under a terrific fire, which was reous reflections of most of our readers. No the £, besides doing justice to the working culiarly indubted, that it is to the temporate wisone can doubt that Mr. Disraeli is the man to classes, who have to pay such a heavy dom and respected character of the Marquis of lead the house of Commons; but he certainly tax to save the surfeited money bags of the bankdowne (cheers,) that the government owe cellor of the Exchequer has not merely to 1852 will not allow themselves to be coax. sence of pinion in this House; as to the future, I then took the boat, with the rocket boat he has also to learn and comprehent the ed and humbugged by the "big bugs" as shallonly say that I shall hink it my du y to opnumerous relations between the commerce the last were, but that they will stringent. of the duties on corn [loud cheers.] whether under and the revenue of the country, to make ela- ly do their duty, and see that justice is the name of protection or of r venue; [enewed] red with replies on any complicated question They have a most bonorous and responsiof details which convenience or even malice ble duty to perform, and many a poor man may suggest.

In preparing for such tasks, Mr. Disraeli will at least work against the grain, and he will possibly find it difficult to be both a wit and a Chancellor of the Exchequer. Per-Baring has declined the post for the reasons drag the beds from beneath their starving we mentioned yesterday, and we must say children. that in so doing, he has neither done justice) to his party nor to his own character. A man who claims a political position is bound to make sacrifices and run risks. If Mr. T. Baring thinks the Chancellorship of the Lxchequer a 'let down' for a wealthy merchant, been chief secretary for Ireland, and secretary of or if he has a slight opinion of his party's state for the Colonies. Was a member of Lord prospects, and will not inconvenience himselfor a short period of office, he is scarcely act- tection at. The save emaccipation bill, which put ing up to the British estimate of political or | rest the country £30,000,000, was chiefly concect- into the Tagus on the 11th of February for a | Charity Ball of Wednesday evening was the is likely to be a serious injury to his friends, Troro,) formerly chanceller in Ireland. Highly re- reports the almost total destruction of the town | tive gathering, was free all y crammed with pro as they cannot but feel. Mr. Walpole is a puted for industry, legal knowledge, and narrow of Lagos, on the South coast of Africa, by the babby not has than 300 couples, including man of talent and attainment, but his fitness for the Home Office is far too speculative question to be discussed in this place.

The Earl of Malmesbury descends from a diplomatist, and is said to be a sensible and Earl of Minto,) aged 61. clear-headed man; he is certainly not deficient in good temper; but he has taken office which did not pass from Palmerston even to Granville without exciting misgivings, and which some recent incidents, as well as department, (vice Sir George Grey.) age 46. His particulars of the affir :the whole state of things in Europe, seem prove the most responsible in the British cabinet, if not in the world. But the two h spractised at the bar, but is therwise unknown most disproportionate terms in this list are Sir John Pakington and the Colonial Office. It is a great demand on our faith to suppose | peerage for d plomatic services. the active Worcestershire magistrate equal to the task of governing our fifty colonies, all Droitwich. A country gentleman wholly anknown | On the 23rd, the Toazer arriving, as also a more or less in a state of disaffection .- except as a staunch protectionis. However, we are ready to believe, if we can.

We must confess to our regret, there has not been much dignity, still less sentiment. in the public surrender of power from the old cabinet to the new. There was very little of a scene in either House yesterday. Lord to the naval profession, and became a rear admiral | bound, and the Sampson, left at | will be in good order early in the Spring. At 4.30 a. of the 26th, the following attack was then made. The Bloodhound with Capt. Jones, the mut divisi a of bouts, consaing of two paddle and a pinnace of the Samps at, and command of Lieut. Saumarez, followed, then the Tenzer weighed, with Capt. Lyster and the starboard division, under communicated of Conmander Hillyer, of Penelope, which consists of her two puddle-b x boas, p.no.ce, a rocket boats, each beat commanded by licuteuants of the Penelope, and the rock boat by L'eut Corbett, guinnery lieuteman' .-As the Bhodheund steamed up, a terrific fire was opened on her by all the batteries am thousands of musketry, which was returned by her with slut and shell. Sine got up to he destination (with little damaget) and then aground at musket shot from the prathain t tery. Then followed the port division of boats under a complete storm of musketry, grape, round and canister, which was returned good style from the boats, who pulled up ga'unity, and took up their position opposite a two gun battery, and which they com si enced Then came the Teazer with the starboard vision, which in trying to keep away to bring her guns to bear to cover the port division boats, unfortunately to'k the ground and com-

not get all. She was here exposed torthe of 20 guns. Capt. Lyster finding all attempts to get her off, of no avail, took the comman of the starboard division of boats, and made the shore for the purpose of spiking the gons. The enemy charged them on each flank, and a retreat was necessary. The enemy got posession of the puddle-box beat, the Kroo-men having jumped overboard. A charge was made to recapture, but finding so many wo

ed and two killed, they retreated to the o bouts and embarked, not, however, without gunner's mate who was left in the boat, ing received two wounds. In this the next day's attack, no less than 72 were killed and wounded. During this time the Bloodhound had scienced the batteries, but remained ner, being annoyed occasionally by the musketry opposite. At one the Teazer signalized her ki'led, and was signalized to close when the tide turned and she could get off. At were ordered to land and spike the guns in the batteries, under cover of the Sampson's boat, ten minutes, finding they could not force ti apwards of five years, have enabled me to su par a stockade, they returned to the Bloodhoun', ry Refum Bill.
