HOLLOWAY'S OINTMENT and PILLS have effected an astonishing cure of an Abscess that the Faculty pronounced incurable.—Robert Parlett, mariner, of Walsoken, near Wisbech, was affected with a dreadful abscess in the arm; he had been two years in an hospital abroad, and for a considerable time in one at home, without receiving the least benefit, and at last was given up by the Faculty, who pronounced him to be incurable; but after using Holloway's Ointment and Pills for a short time the wound was completely healed, and his health permanently restored. This can be attested by Mr. Abraham Catlin, and other respectable inhabitants of the parish of Walsoken.—Sold by all Druggists, and at Professor Holloway's Establishment, 244, Strand London.

Another Living Witness of the Hydropathic and Botanic Medicines, from CAPTAIN McMASTER.

I WISH to inform the Public, for the good of the afflicted, that I was very unwell with a cough and inflammation of my lungs and chest, which threatened my whole constitution. I spared no cost or trouble to get rid of it, but I got no relief until I was advised to go to DR. LANKTREE, of Kingston, when I got his Medicine. It took but a short time, and little cost, until I could again rejoice in the return of my perfect health—thank God.

FRANCIS McMASTER.

Amherst Island, 23rd Aug., 1851. 212

SEEING and hearing of so many testimonials for Dr. Lanktree's Medicine, brings me to recollect my duty both to him and the public; for I was some time ago, to the knowledge of many in this city, given over as an incurable case, with Enlargement of the Heart and Liver Complaint, and was effectually cured by him; also, lately, I was in despair with a Dropsical Swelling, and obtained immediate relief, so that I am now able to do my business well, thank God.

THE NORTHERN CONVEYANCING RAILROAD, 167 Broadway,—New York, February 23, 1852.—SAMUEL J. BEALS, Esq., Director.—Dear Sir: The arrangements to be made by the Northern route of our Road will, on the opening of navigation, embrace the following advantages:—

Forty-eight hours running time from New York to Ogdensburgh—three and five days for all kinds of merchandise from this market to ports on Lake Ontario and the River St. Lawrence.

Shipments forwarded by the Troy line of steamers, and connecting lines of Railway and express steamers to all ports on the North and South shores of Lake Ontario.

Our Road will connect at Ogdensburgh with the American and British line of daily steamers.

A line of ten propellers will run regularly from Lake Erie and Lake Michigan and to direct Canada ports.

Sail vessels will meet such property as may require the dispatch of steam facilities.

A large business will be done over the road to way stations, and in through freights and passengers. British imports for Canada West will be forwarded by our road in preference to the old route of the St. Lawrence.

The local business over the Road, upon the opening of navigation, will be found equal to the expectations of the Company, and prove in the aggregate, highly satisfactory.

Advices from Chicago state the probability of the crops in Illinois being light this year, and that those in Michigan, Indiana and Ohio were never better, that the tendency of the trade is from the Rivers towards the Lake, and that the lead, when intended for Eastern market, will take the Lake route in preference to the usual routes by the Mississippi.

There is not another route out of New York can offer the same transport facilities on up and down freights, as the Northern one, while we have all the advantages of extra quick time.

Your obedient servant,
R. J. CUMMING, Agent.

HOLLOWAY'S OINTMENT & PILLS.—An Extraordinary Cure of a Bad Foot.—Mr. Henry Kennewell, son of the late much respected surveyor of the Southampton District of St. Pancras, London, states in a letter to his mother from Burra Burra, Port Adelaide, that on his journey to those mines from Adelaide, he was compelled to walk for the want of a conveyance, and in doing so, he grazed, and afterwards poisoned his foot, which became so bad that he was under a surgeon's care for more than four months without obtaining any relief; he was then induced to try Holloway's Ointment and Pills, which, in three weeks, completely cured his foot, and he was enabled to commence work without inconvenience.—Sold by all druggists, and at Professor Holloway's Establishment, 244, Strand, London.

A few more of the numerous Testimonials for the Hydropathic and Botanic Medicines.

I wish to state, for the good of all who may be suffering any illness, that my wife was dangerously ill last June, with a Sore Breast, which caused her nurse and head to swell to an alarming extent, so that it appeared there was no help, after getting all the aid I could for her; but on being advised to apply to DR. LANKTREE, the first two days she had charge of her, he reduced all the dangerous swelling from her, and removed the Fever she had on that occasion. And a few weeks since, I was afflicted in my Chest and Head; and, fearfully, I let it run on until was taken alarmingly ill with delirious fits; whereupon I was forced to apply to DR. LANKTREE, and by this time the complaint terminated in a severe Brain Fever; but I thank God that now, after a few weeks' treatment through his care and unremitting attention, I am now over it.

TOWING ON THE RIVER SAINT LAWRENCE.

I beg strongly to recommend to the Commissioners of Public Works that the TOWING of VESSELS navigating the St. Lawrence, between QUEBEC and KINGSTON, is more likely to be ensured in a prompt and satisfactory manner by leaving it open to private enterprise than by the employment of vessels chartered by Government for that purpose, and, as it is further stated, that there are several suitable tug vessels which will be put in the line, if the former course is adopted,—NOTICE IS HEREBY GIVEN, that it is not the intention of this Department, to hire any vessels to tow during the ensuing season

By order.
