P., and Mr. Newman, J. P.; afhat no other subject was before the meeting, he is not sustained in his praiseworthy attempt

DUBLIN, May 10.

another rumour confidently asserted that eleven Dragoons with drawn sabres came galloping on in the same direction. On arriving at the workhouse the military were formed opposite the building, the central gate was thrown open, and the dragoous charged from the centre gate down the avene leading to the boardroom, followed by the infantry at double quick pace. By this subdued by a large body of police, who had viously arrived under the command of Inspector Walker, but the presence of the military wa to proceed to their respective wards. The riot, unfortunately, originated out of a circumstance of an exceedingly triffing character. It appears that about 2 o'clock vesterday two men named Houlahan and Corcoran, were employed as sentries one of the gates, when it was discovered they had obtained a bottle of whiskey, which they smuggled in through an aperture in the wall that had been made to prepare for a new building. The wardmaster found the whiskey on the Ory," "Barber of Seville," and so many superb person of one of the men, and endeavoured to Warner, R. D. Collis, J. H. Isaacson, and P. take it from him, but he refused to give it up, operas, took a true pleasure to teach her the and the master was informed of the transactiv The master went into the dining ball, were those men were at dinner with several hundreds of inmates, and, after reprimanding them for th conduct, demanded the whiskey; the men refuse to give it up, and after some words had ensu Corcoran, struck the master and also attempted strike the wardmaster. The master then left the dining hall and sent to the Douglas station for the police, in order to have the parties removed from the workhouse and informations sworn again them. In a short time after Constable Browne and two men of the Douglas station arrived at the workhouse, informations were drawn out, and the police went to arrest the two men who had retired to their division. The police were accom-, panied by the masterand storekeeper, and when they arrived at the part of the building wher of the offenders in the first instance, named Houlhim. This was the signal for a general attack invested in behalf of the brothers and sisters; to knew him.

they expected to meet the offenders, they found several hundred persons-men, women, children-assembled ready to receive them. One ahan, stood on the wall in a threatening attitude, defying the police to come on, and, as they advanced he struck constable Brown in the head and inflicted a severe and dangerous wound upon were thrown in all directions, and the police and master were obliged to retreat instantly into th lodge under the boardroom. The doors wer quickly closed out and secured; an attack was made upon the building, the mob outside loudly threatened to take the life of the master, and was only after the police hall loaded their gu and threatened to fire on them that they desist for some time. In retreating from the attack the rioter and some of the worst characters among the wo- Italy, and remained during eight seasons at Mimen; and seeing that, momentarily, matters were lan. Thence he proceeded to Venice and Rome, of May, of bronchitis, Jessy, wife of Col. Cal pearance, the storekeeper proceeded to town and waited upon Inspector Walker, to whom he mentioned the state of things at the workhouse. Mr. Walker directed that the constabulary of the plain & St. Lawrence Railroad, Company, F. | different stations should be immediately equippe and proceed to the workhouse. > Marietta Alboni, the ne plus ultra of contralti, was born at Cesena, in 1826, of very honorable parents, who gave her an excellent education. When she was 11 years old, she took lessons in under the excellent tuition of Maestro Bagioli, the most celebrated musician of his age Eight years after, she entered the Lyceum of Bolognia, of which Rosini is the director. The incomparable author of "William Tell," "Count secrets of his art, and Alboni, under such ex-

cellent care, made wonderful progress, and improved her method to the highest degree. She made her first debut at Milan, at the great theatre of La Scala, and remaining there during four seasons. She then went to Vienna, and sang during three engagements. Her next trip was to . Petersburg, and from that city, in 1815, she proceeded to visit Germany, and wishing no longindependent as she was, to blind herself to any engagement, with managers, she sang according to her caprice, in her principal cities until she came to Paris. I think it useless to menwell as in London, Brussels, Madrid, and other cities. In Paris, the rapture of her admirers had no precedent, and the dilettanti remember with enthusiasm the triumph she had obtained here both at the Italian and at the French opera houses The parts of Orsini, in "Lucrezia Borgia," and Fides, in the "Prophete," of Meverbeer, have

been the highest triumph ever obtained by an superior singer, but her private character de serves to be spoken of. The most of the money contralti is a fine looking woman, of stout appear ance, perhaps, with a fine head, intelligent look, and bright eyes. No doubt she will be pleasing both as a woman and a singer, to my countrymen. Signorina Alboni has been board of one of the English steamers: has preferred to arrive at New York under

IN CALIFORNIA ...

THE following extract of a letter is from a gentleman of respectability, who has thoroughby tested the virtues of the above medicine, not only in this, but in other climates, also, and which goes to show its value to persons intending to journey through the various climates and sick! regions, where epidemie discusses cut off the In habitar.ts by thousands:

Bath, March 1st, 1852. DEAR Sin - As we owe a debt of gratitude to those who have been the agents in saving or prolonging our lives, I hope you will accept my most anquaified acknowledgments of the benefit which I have personally received from the use of your medicince. In 1849, before starting on the over-Y. Hysons, Hysons, Guapowder, Souland route to California. Lepurchased a stock of your medicines, and I have teste : their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once and intermediate Ports, This Afternoon, at 3 have I known them to fail in producing the desired o'clock. effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Feyer, and several times the Diarrhon and Dysenters, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as sound health as ever I was in my life. And I would most sincerely recommend all those who intend going to the THE STR. PRINCE ALBERT, medicine ever taken for a majority of the diseases of that climate. In the summer of 1850, when the Cholera was raging in Sacramento, I have no doubt but that I could have sold one thousand bottles at ten dollars each.

FALSE ECONOMY.

A hint to the Blind is as good as a nod." THE success of business depends much on extent of a man's credit. Some erroneously uppose they practice economy and increase their credit by wearing an O.d HAT or CAP in their 38 | edinary husiness. But this is false economy i the ordinary business of a City life For it is a fact proverbial, that he who is slovenly in his peresteem and credit among men, should in propi

sonal appearance, is also careless in business ingiters. Therefore he who wishes to secure of his gord sense and correct taste, not fail to honor his head with a genteel HAT or CAP. P. S .- A large and general assumment of the best quality and most modern style, of both Counties of Frontenae, Lennox and Addingkinds for sale cheep for cash or approved credit. GREENE & SON.
