Kingston, October 7,

MAIL CONTRACT.

SEALED TENDERS addressed to the Post-master General, and marked "Tender for Mail Service," will be received at Quebec until 12 o'clock Noon, on SATURDAY, the 4th DECEMBER, 1852, for the Conveyance of Her Majesty's Mails, Daily each way, between KINGSTON and TORONTO, on and from the 6th JANUARY next.

The conveyance to be made by Stage.

The computed distance between Kingston and Toronto is 165 miles.

The time allowed for the travel of the route to be THIRTY-THREE hours either way.

The Hours of Arrival and Departure to be arranged by the Postmaster General.

Tenders will be received for that portion of the Route lying between Kingston and Coburg (or Port Hope)—and for that portion between Coburg (or Port Hope) and Toronto—or for the whole Route, at the option of Parties tendering.

The Contract, if satisfactorily executed, will continue in force for a term not exceeding four years; the Post-Master General reserving the right to terminate the agreement at any time previous to the expiration of the four years, should the public interest require it, upon giving the Contractor three months previous notice of this intention.

Each Tender to state the price asked, in words at length, and to be accompanied by the guarantee of two responsible parties undertaking, in the event of the Tender being accepted, that the contract shall be duly executed by the party tendering, for the price demanded:—undertaking also to become bound with the Contractor in the sum of Two Thousand Pounds for the due performance of the service, on the whole Route, and in the sum of One Thousand Pounds for either half of the service.

Printed Forms of Tender (none other will be received) may be obtained of Post Office Inspectors at Kingston and Toronto, at Post Office Coburg, and at this Office.

W. H. GRIFFIN,
Secretary.

CHILSON'S PATENT

WORLD'S FAIR PRIZE MEDAL

FURNACE.

WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating Dwelling, Churches, School Houses, Academies, Court and State Houses, Hospitals, Stores, &c., in nearly all the cities and towns in the United States, but is meeting with equal favour in the Canadas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country, Gold Silver Medals First Premiums, and lastly, the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common cast iron furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy scorching disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a Healthful, Economical, and durable Apparatus, for thoroughly warming and ventilating buildings, has been entirely successful. They possess the following advantages; purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals of wood, all equally well flues easily cleared out—great durability of furnace; not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also, all sizes of new and and superior

Portable Furnaces.—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions; Hot-air Grates; Room Ventilators, &c.

Emerson's celebrated Ventilators for Roofs of Buildings and Smoky Chimneys, &c. Cooking Ranges, with or without Bath Boilers, and Hot-air Fixtures. All sizes and styles of these beautiful

MIRROR MARBLE MANTELS,

PARLOR & CHAMBER FRAME GRATES,

of rich European and American styles. Also a splendid article of Liverpool Soft Coal Grates, for Parlors, &c.

Architects, Builders, and the public generally, please examine our extensive assortment. Personal attention given to warming and ventilating buildings in any part of the country.

CHILSON, RICHARDSON & CO.
51 & 53 Blackstone Street, Boston.

—ALSO,—

CHILSON, RICHARDSON & CO.
374 Broadway, New York.

The Northern Ogdensburgh Railroad Company.

E BEG to acknowledge the patronage of the Shippers to and from this Vicinity, and renew their assurance that no effort on part of those interested will be wanting to make the route *via* Ogdensburgh to the cities of Boston and New York expeditious and safe for the transportation of produce to, and merchandize from those cities. The increased facilities afforded by the addition of the Steamers *Ocean Wave* and *Boston* on Lake Ontario, together with a perfect arrangement, and large shipping facilities, directly interested from Rouse's Point to New York, by the addition of Boats expressly built for running directly through without transhipment, enable the Company to speak now with more confidence than before they have been able to do.

The Line is now complete from all points on Lake Ontario, to and from New York and Boston; and the Agents are prepared to make contracts with, and give the proper directions to parties desirous of shipping.

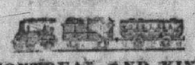
All property upwards must be given in charge to the Merchants' Lake Boat Line, the New York and Canada Line, or R. J. Cumming, resident Agent, New York; and goods must be consigned to the care of E. C. French, Station Agent, Ogdensburgh.

Care should also be taken to see that proper Bills of Lading, of Receipt, are received by shippers from the Lines, or Agents

R. J. CUMMING,
169, Broadway, New York.

CHAS. S. SCHLATTER, Superintendent.

New York, Sept. 20, 1852. 234



THE MONTREAL AND KINGSTON Railroad Company.

PUBLIC NOTICE is hereby given to the Shareholders of the MONTREAL and KINGSTON RAILROAD COMPANY, that a call of TWO POUNDS TEN SHILLINGS, currency per Share of Twenty-five Pounds, being Ten per centum on the amount of Capital Stock subscribed in the said Company, has been made on the said Shareholders, payable at the Office of the COMMERCIAL BANK of the Midland District, in the City of Montreal, on or before WEDNESDAY, the TENTH day of NOVEMBER next.

By order of the Board of Directors.

F. W. TORRANCE,
Secretary & Treasurer.

Montreal, October 7th, 1852. 240

ST. LAWRENCE NAVIGATION.

TUG BOATS.

NOTICE is hereby given, that TENDERS for the TUGGING of all VESSELS for which such service shall be demanded, between KINGSTON and MONTREAL, or any of the intermediate PORTS, will be received at this Office, until MONDAY, the FIFTEENTH day of NOVEMBER next.

The Tenders sealed and endorsed "TENDERS FOR TOWING" are to be addressed to "THE CHIEF COMMISSIONER OF PUBLIC WORKS QUEBEC"—and they are to state the lowest annual bonus for which the towage will be done, based on the following general Principles, viz:—

1st. That as many Tow-Boats are to be employed on the service, as may be found necessary from time to time, to perform the work so effectually, as to ensure the vessels being forwarded without a detention of more than TWELVE HOURS on any part of the route.

2nd. That the Tow-Boats employed between Dickenson's Landing and Prescott shall be of not less than SIXTY horse power—and those on the remainder of the route of not less than FORTY-FIVE horse power; but without reference to these stated powers, it is to be understood that vessels drawing not more than NINE FEET water on the downward trip, or EIGHT FEET water on the upper trip, shall be towed at an average speed of not less than five miles per hour.

3rd. That the Tow-Boats shall not be engaged in the towing of rafts, or otherwise than as contracted for.

4th. That the Service of Towing shall commence on the First Day of the Opening of the Navigation in Spring next, and shall be continued until the close of it.

5th. That in the event of any accident occurring to one or more of the Tow-Boats, the Contractors shall have others at command to be immediately substituted, so that no interruption of the Trade shall take place.

6th. That the rates charged per mile, for all Towage, UPWARD, shall not exceed those specified in the accompanying schedule, and for Towage, DOWNWARD, the charges shall not be more than ONE-THIRD of such rates.

7th. That the rates shall be charged for according to the following distances, viz.:—

From Lachine to lower entrance of the Beauharnois Canal, - - - - - - -	19 miles.
From upper entrance of Beauharnois Canal to Cornwall, - - - - - - -	40 miles.
From Dickenson's Landing, to Prescott, - - - - - - - - - - - - -	41 miles.
From Prescott to Kingston, - - - - - - - - - - - - - - - - - -	61 miles.

When a vessels is taken in Tow at any other points than those mentioned in the above table of distances, the Towage may be charged for from the commencement of the last station, unless otherwise specially agreed on.

8th. That when the Tow-Boats pass through any of the Canals, they, together with the wood for fuel, shall pass free of toll.

9th. A Contract will be entered into for the towage for three years: but the tenders are to state what the bonus demanded for that term will be reduced to, if the period is extended to five or seven years respectively.

10th. The bonus will be paid in three equal instalments; one on the first day of August, one on the first day of October, and one on the fifteenth day of December in each year.

On entering into Contract, solvent and *bona fide* security will be required for the full and due performance of the Contract, and heavy penalties will be prescribed for any delay that may be caused to vessels, or for any infraction of the conditions of the Contract.

Tenders are desired either for the towage of the whole line from Lachine to Kingston, or for any of the divisions thereof.

Any further information that may be required can be had on application to this office.

J. CHABOT,
Chief Commissioner of Public Works.

The Fast Sailing Clipper Ship

FANNY,

1500 TONS BURTHEN.

Will sail from BOSTON for PORT PHILIP on Thursday, October 14 1852. The above ship was built 18 months since, expressly for the California Trade. She has made one voyage to San Francisco, and proved herself a remarkably fast sailer, having accomplished the outward run in 112 days, and the homeward in 108. Her cabin accommodation are spacious and elegant, comprising a commodious LADIES' CABIN, and a large number of State Rooms, which can be adapted in their arrangement to the wants of Families; the second cabin, which is on deck, is large and airy; and the between decks will be fitted up with every convenience, and with the latest improvements for light and ventilation.

Great pains will be taken in the selection of the Stores, and it is believed that everything will conduce to render the passage expeditious and agreeable.

An experienced Surgeon will be on board.

☞ For every information, for Freight or Passage, apply to

HILL, SEARS & CO.,

HOLLOWAY'S PILLS.

THE ROAD TO HELATH

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER IN VAN DIEMAN'S LAND.

Copy of a Letter inserted in the Hobert Town Courier, of the

1st March, 1851, by Major J. Welch.

Margaret M'Connigan, fifteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of twenty months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobert Town, and by them otherwise was considered helpless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June 1852.

To Professor Holloway.

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know his particulars in her case. She had been troubled for years with a disordered liver, and bad digestion. In the last occasion, however, the virulence of the attack was so alarming, and the inflamation set in so severely, that doubts were entertained of her not being able to break up quickly; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above from the severity of the attack, and the speedy cure, I think, speaks more in favour of your astonishing Pills. Signed R. W. KIRKUS.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lyn Advertiser, who can vouch for the following statement.—August 2nd, 1851.

To Professor Holloway,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active, and can take
