habitarits by thousands: Bath, March 1st, 1852. Dean Sin-As we owe a debt of gratitude to those who have been the agents in asving or profonging our lives, I hope you will accept my most ngualified acknowledgments of the benefit which I have personally received from the use of your medicines. In 1849, before starting on the overland route to California. I purchased a stock of your medicin s, and I have teste, their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhosa and Dysentery, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as sound health as one, I was in my life. And I would most sincereis recommend all those who intend going to the ton at 6, P.
