In 1849, before starting on the overland route to California. I purchased a stock of your medicin s, and I have teste their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Choles, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhoss and Dysentery, of the most malignant kind. And whilst others were dying reach Boston at 12 50, P.
