The Steamboat Arrangements.

It is a matter of most vital importance to the interests of this community, that the steamboat arrangements for the comin year should be both excellent and remunerative; and it would conduce also to the general benefit, if those were early made known. This we fear cannot take place so soon as mucht be convenient, since a diference of opinion exists as tathe place of future operations. At the recent great meeting of the Steamboat Owners in Kingston, nothing positive was determined on: and at the ensuing meeting, some time this week, nothing very decisive can be anticipated.
