DEAR SIE-As we owe a debt of gratitude! those who have been the agents in saving or prolonging our lives, I hope you will accept my most unqualified acknowledgments of the beacfit which I have personally received from the use of your medicines. In 1849, before starting on the overland route to California. I purchased a stock of your medicines, and I have tested their efficiency under every vicissitude of circumstance and elimate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and severe times the Diarrhos and Dysentery, of the most malignant kind. And whilst others were dying fall around me, by the use of your mediciner I have come safely through, and am happy t in the least, and ferming all the original gloss I was in my life.
