TURKEY. The Porte has refused to accept the Russian ultimatum.

The French Ambassador had ordered the French fleet to the Dardanelles, it is spanosed with the intention of preventing Russia from seizing or passing the straits; but o the 20th it was still at Salamis.

Clifton House, Niagara Falls.

We have before stated that this fashionab and beautiful Summer resort is again open to visitors. We do not know we can better direct the travelling public than by reproducing the following from the Cleveland Daily Herald:

"No jaunt in June, July or August is complete without stopping at the Clifton House on the Canada side, at Niagara Falls. | Goodwill. One long, lingering look from the spacious Class. alleries which surround the Chifton. upon the American Fall—the horse-shoe, the ferry-the rapids and the majestic hill is more self-satisfying than any other one single view on the face of this earth. Only tions about that mighty water-fall; Lundy's actly waked up to the subject. However, son, and that on condition of actual settle-land; Queenston heights; all the ploughing was very good, and it is hoped, ment. To this restriction in regard to quantion by the International Bridge Companies. The renowned in story; and the ride from Lewiston up to the Falls, just as the sun is rissing, the view from the hill, with Niagara river now roaring and tumbling in its mad frenzy, now quietly stealing along like a common it keeps up a continual interest in ex- per acre of the public lands, and the terms Mr. Gage, favourably known as contractor on va went of molten silver, until its being is lost hibiting neat workmanship. in the bosom of Ontario.

"This is the ride of the world: cross the Suspension bridge at Lewiston, and hang sky high between those everlasting hills; Jook down the river, way down to Fort Ni. burgh Railroad line, is now ready for the busi- sands of acres belonging to non-residents. agara and Fort George, with the stars and ness of the season. The Engine was built by stripes, and the cross of St. George in friendly glee floating in the breeze—in peace long cylinder is 38 inches diameter, 10 feet stroke.
