We are indebted to the United States Dispensatory of 1847, for the following descrip-It is entirely different from the common

Rose. It is a red-stemmed oblong leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing two crovs of flowers in one season, it also has another interesting and beautiful prospe ity. Dr. Eaton says that in the months of No-

vember and December, he has seen hundreds of these plan's sending out, near their roots, broad, thin, curved ice-crystals, about an inch in breadth, which melted during the day and were renewed in the morning. ... For a more minute and analytical description of it, the reader is referred to Torrey and Gray's Botanical Works.

Its Medical History and Properties are far the most important, since upon these depends |its value to the community. Dr. Loudon says ing House of Measrs. M. A. Von Rornschign & that in 1799 it was so valuable in England Sons, in Frankfort-on-the Maine The following that it was cultivated from the seeds. Ever | capital Prizes must be gained :since 1806, Prof. Ives. of Yale College, has habitually used it with great success in Scro- 32 " 36,000 Tula and Chronic Disease, and through him its 24 " \$2,000 " 120 " 1,500 " virtues were made known, until, as Dr. Tyler says, 'it is now in this section [New Haven] a common article in domestic practice for the cure of Scrofula and cutaneous diseases.

that it has been successfully used in bad cases | oilows:--of Scrofula Diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients | at Willis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of White swel- Bills or Drafts on Europe, &c. BRITANNIA LIFE ASSURANC

No. 1 Princes treet, Bank, London CAPITAL, OVE MILLION. EMPOWERED BY SPECIAL ACT OF PA' LIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe L and the comerous Policies, issued by the different Agencies in Canada, evidently shows that the advantages of Lafe Assurance are daily becoming more and more appreciated by those who deel the necessity of making some prevision for their families, or secur. ng the amount of debta due by or to them in case of premature death. The cates of the Britannia are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to ... invite the attention of the intiabitants of Kingston to the numerous Tables of Rates, specimens.of

The income of the Company, independently of the large subscribed Capital, is between Eight and Ninety Thousand Pounds, Sterling, per An num, and of this thegreatest part is continual

A party offecting an Assurance with this Combany, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure on immediate Bonus by not paying more than is absolutely required to provide for the risk-but if participation in profits is preferred by any party, there are 'Mutual Tables' adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wish ing to Assure.

Allelaims payable within THERE MONTHS after proof of death. No proof of birth is required hi the time a claim is made; the age of the Assured. universally liked. When used according to a | The Subscriber also intends carrying on | being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in caseof death by ducking or the hands of justice. In the event of spicide, it the Policy be assigned to a bonn fide Creditur, the sum assured will be paid without deduction : if the Policy be not assigned. the full amount of Premiums received thereon will

be returned to the family of the Armired. The necessary forms, and every requirite information, as to the mode of ellecting Assurances. may be obtained either by letterer pateonal ap-
