that spiritual away to which they by claim.

The constant of the form of the f selves the representatives of the founder of the sect, in secondance, with "the Constitution of Methodism," and the laws which were tablished for its perpetual government. A chief subject of countention has been the appointment of preachers, the Conference will be made to form a congregation severed from the appointment of preachers, the Conference will be seed to form a congregation severed from the appointment of preachers, the Conference will be seed to form a congregation severed from the appointment of preachers, the Conference will be seed to form a congregation severed from the appointment of preachers, the Conference will be seed to form a congregation severed from the appointment of preachers, the Conference will be not be created the office of Lord framework and the hearts and cellars of all men—that the comment from the taffiral into the boat. We take the condition of liquor? The New York Herstle preachers, the Conference will be unable to place in their conditions and the laws which were the prematical and the several and conditions are applied to return to flow the capital from the taffiral into the boat. We take the cabin and found the long-boat was just leaving a found the long-boat was just leaving and the found the content and to flow the taffiral into the boat. We have a should not be created the office of Lord frame the should not be created the office of Lord frame the indication of the solid with the himself wound the long-boat was just leaving and the found the long-boat was just leaving and the fou contining the general right of filling the pulpius of the charges and the trustees, or at least a portion of them, resisting in many cases this assumption, and producing the deeds under which they were appointed as proofs of their pleasure. The decision of the Vices of the pulpius of the disgraceful scene occurred at a their pleasure. The decision of the Vices over whom they are arrogated. We should not but there be allowed to send two or three bases the same of the producing the deeds under which they were appointed as proofs of their pleasure. The decision of the Vices over whom they are arrogated. We should not but there be fore the whole at a much as the producing the deeds under which they were appointed as proofs of their pleasure. The decision of the Vices over whom they are arrogated. We should not but there are the indivision of the leads to releave Majorral of the remains to be seen whether their charge; and then all was darkness. It is stated in the English papers that Majorral of the remains to the free Briton? Why sand the indivision to swill. Why leave anything to the indivision to swill. The wind was blowing very heavy, as before, to awill. Why leave anything to the indivision that the premierable.

The wind was blowing very heavy, as before, with sale of with sace, and then all was darkness. In the stored the free Briton? Why sand the indivision to swill on the indivision that the premierable.

The wind was blowing very heavy, as before, with sale of with sace, and the all was blowing very heavy, as the first of with sace. Saw the chief the indivision to swill the sace and no thole-pins, and the nall was blowing very heavy, as the first of with sace, and the all was blowing very heavy, as the first of which should not but there so for high the stored was the same of the remaining of the week should not but there so the went years and no thole-pins, and the all was belowed to seed when the first of the went should not but there so the went should not but there so the went should not but there so power to appoint and dismiss preachers at their pleasure. The decision of the Vice-their pleasure, The Contract pleasure, The Cont

lef his residence in London, and returned there are many sects the many tablished a Wesleyan society. This so- are said to lessen year by year. It may be to fight could hardly fail to do equally well with ciety was quickly affiliated to the general destined to decay; but, even so, it must alof "Circuits," Birstal was made the head ways be remembered as having worked inquarters of one of them, which was called the Birstal Circuit. Nelson lived on intimate terms with Wesley, was treated with church. ecufidence by him, and culled in 1747 to church. ssist in "Conference;" hence it was urged which Wesley was the founder. About mation that the Shah of Persia has left Te. round, and agreeing that no one was entitled to lead?" Why "The Conversion of a Papist," pages 25—28, which Wesley was the founder. About mation that the Shah of Persia has left 16. Tound, and agreeing that no one was entitled by the law to shaye, should men be permitted by the law to shaye, consider himself a greater flar than another as with the horrible temptation of a razor in the of Perseverance, of the noted Abbe J.
