price in Europe. The current rate for flour in January 1853, in the Liverpool market was about Li- and after remaining stationary for some time, has been increasing ever since. In October, the average was about 34s; in December about 36s; and now in January, 44s appears to be near the mark. The short crop of 1853 was probably sufflicient to account for the increase of price up to December but the extraordinary rise since, of nearly six shill This morning, at about half-past 3 o'clock, lings in a few days, can only be owing to the expectation of war. Seven shillings and sixpence a Under the Patronage of Lieut. Colonel bushel for wheat, and seven dollars a barrel for would make the Canadian farmer far too great a FITIE AMATEURS of H. M. 54th man to be spoken to by ordinary people. A

inclined to hoard their grain. They can hardly be expected immediately.

What the Canadians think of Wistar's Balsam.

From the Montreal Transcript, July 22, 1818. We think it but due to Dr. Wistar that we
