TIMIS Institution is purely a Benevolen I one, organized for the purpose of affording effectual pecuniary relief to members who may become disabled by disease or accident, -composed of Merchants, Mechanics, Farmers, Working Men, and others, associated for mutual protection. It is established on the purely mutual plan, each member being entitled to a vote in the election of officers, and to participate in the benefits. The rates of annual payment are the same as adopted by similar institutions in England, and experience demonstrates that they will give stabil-Something better and more economical than Soda, ity and perpetuity to any institution adopting
