The Locomotive Works

In the Globe appeared a despatch a day or two ago, which alluded to the engines having been made in the locomotive works, and concludes thus: "In a week will be sent out for the same road. The prospects for other contracts are not very encouraging. It is altogether likely that the majority of the employees will be dismissed within a few days." To show how totally unreliable the foregoing informs tion is, it might be stated that the locomotive works company have sufficient work to keep their present staff of workmen engaged during the entire winter. The company intend making three engines for .83 33 stock, and the contracts now on hand \$4 00 include one orgine for the Prince Edward island road, three for the Michigan Central road, and machinery (equal to another locomotive at least) for the M. Eastern Ontario Championship. The Ottawa Free Press says:- The feature of the local baseball season of 1886 was the series of contests for the Eastern Ontario championship, the contesting clubs consisting of Brockville, Kingston, Morrickville, Carleton Place and Ottawa. The honors were held by the Ottawas for the previous three years. Eight games were played for the banner during the season, two games of which were between Brock villes and Ottawas, resulting in a victory each time for the latter, and were said to be the best expositions of the game ever witnessed in the capital. Up to the close of the playing season, Ottawa had held the pennant honorably, but on their visit to Kingston during the Midland fair they were doomed to defeat and the championship was left in the hands of the Park A meeting of the graduates of Queen's | nine of Kingston.
