

SCROFULA

I do not believe that Ayer's Sarsaparilla has an equal as a remedy for scrofula and mors. It is pleasant to take, gives strength and vigor to the body, and produces a more permanent lasting effect than any medicine I ever used.—E. Haines, No. Lindale, U.

I have used Ayer's Sarsaparilla and know, if it is taken faithfully, it will cure this terrible disease.—W. F. Fowler, M. D., Greenville, Tenn.

For forty years I have suffered from Ayer's Sarsaparilla and all sorts of remedies for my complaint, but found no relief until I began taking Ayer's Sarsaparilla. After taking ten bottles of this medicine I am now entirely cured.—Mary C. Amerson, Rockport, Me.

I have suffered, for years, from Catarrh, which I find that it destroyed my appetite and weakened my system. After trying many remedies and getting no relief, I began to take Ayer's Sarsaparilla, and, in a few months, was cured.—John E. Gould, Albany, N. Y.

Ayer's Sarsaparilla is superior to any balsom or tonic I have ever tried. I have taken it for Scrofula, Cancer, and Saltiness, and received much benefit therefrom. It is good, also, for weak stomach.—Miss Jane Pellets, South Bradford, Mass.

**CAMPBELL'S
TONIC
ELIXIR**

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders incident upon a low or reduced state of health, and usually accompanied by Palpitation, Weakness and Fatigation of the heart. It is a specific for all forms of debility, and particularly for those arising from Loss of Blood, or Circulatory Diseases, and in the weakness that invariably accompanies recovery from Wasting Fevers. No medicine can more speedily relieve the patient from the action of a stomach being that of a powerful and unceasing tonic, exciting the organs of nutrition to action, and thus affording immediate and permanent relief. The stimulative properties of the different articles which the Elixir contains render it a valuable remedy for Atonic Sepsis, which is so often a gouty character.

For Impoverished Blood, Loss of appetite, Debility, and in all cases where an effective and certain antidote is wanted, the Elixir will be found invaluable.

In Fevers of a Material Type, and its various evils resulting following exposure to the cold or wet weather, it will be a valuable restorative, as the animation of Circulation and perspiration are universally recognized specific for the above-named disorders.
