our lake ports.

"Two factions in congress have been giving themselves much trouble about the surplus, and measures are proposed for lessening it. Neither the tariff nor revenue laws should be disturbed now. Business should not be constantly menaged with changes of these laws. There are plenty of ways in which the excess can be utilized. Pay off the debt. Promote agriculture. Improve the rivers and harbors. Encourage American ship schools of art and science. All these will

be useful and take all the excess."

The address was applauded frequently

during its delivery, and when concluded series of resolutions from its suggestions. was surely a sound, sensible national mercial-all classes.
