Mr. R. T. Bush, owner of the Coronet is the president of the Bush and Denalow manufacturing company, refiners and dealers in oils. His intention when building the vessel was to take his family on a cruise around the world intending to start in the fall of 1885, but he was not able to get her ready in time and she lay all winter at the yard of her builders and got off finally in July 1886. Arriving in Europe his contemplated cruise was abandoned and he returned with his family by steamer, leaving the yacht to be brought home by Captain Crosby.
