The eyes are always in sympathy with the body, and afford an excellent index of its emilition. When the eyes become we all, and the list inflamed and sore, it is an cylifence that the system has become disordered by Secolula, for which Ayer's Sar-uparilla is the best known remedy,

From eldidhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results. Aver's Samaparilla, and consider it a great blood purliler. Mrs. C. Phillips, Glover, Vt. I suffered for a year with fall-numation in my left eye. My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. EDITOR AND PUBLISHER. DISALLOWANCE. The agitation in Winnipeg against a further continuance of the policy of railway disallowance is increasing in intensity. People there regardless of politics are talking right out against the mono poly. As we have stated before there is nothing in the agreement with the Canadian Pacific railway to prevent the building of a railway in any direction through old Manitoba. It has simply been a matter of policy on the part of the government to protect that company from competition at any rate during construction. Now that the railway is completed one of the principal reasons for disallowance has disappeared and the government will likely give favorable consideration to what appears to be the in June. John Simpson, Clerk. unanimous wish of the prairie city. Mr. Norquay, the existence of whose government is seriously threatened, has decided to put the matter to a decisive test and immediately. He has, with that object in view, asked the company, seeking the in corporation of the proposed railway run-

It was of course to be expected that our grit friends would be disestisfied with the feeling of a petition against the return of Mr. Biake in West Durham. It was all right in their eyes to petition against Sir John in Kingston, but Mr. Blake is the possessor, according to his friends, of a "serene soul," and should not be treated as a mere tory may be 11th and 12th concessions, as it is redealt with. Of course if his Durham seat is uncertain, In his judgment, it would not be advisable that he should give up a sure con- upon by the contracting parties, for a stituency for a doubtful one. That, however, is merely a matter of expediency deposit the same with the township treas and if he is so certain of not being unseated, there is no reason why he should not resign Bruce and let some of his the minters of 1886 and 1887, and the friends get a chance in a grit strong-

Brockville Recorder: - "Some of its contemporaries, jealous of its enterprise, have objected to the Globe running a special train to London and mailing its papers there. The dominion government appears to be actuated by a like narrowness of view, for it has just decided that it is illegal for newspaper publishers to mail their issues at any other post office than that nearest the place of publication."

The Globe quotes the above with evi dent approval. The department of justice | Charles Reynolds, Thomas Lailow, has decided that as the law now stands, what the Globe has been doing is illegal. No one has shown that this decision is unwarranted or erroneous-in fact it not even asserted that to mail its papers in London is a thing to be permitted. The argument, therefore, of those who find fault with the action of the department, must be that a breach of the laws of the land should be winked at when the delinquent happens to be the Globe.
