It was the distribution of witness the presentation of medals and work of administering relief with as much fresh material which caused the stench. diplomas to those who exhibited work at | care as possible. The collections taken That they concur most heartily in the Dr. Smythe said that Mr. Breck had said the colonial exhibition, London, Eng. up in the city were very good, and as the winter was long and severe, the funds the music for an assembly at Napanee touching the prison labor question; that if it were not, the board would bring its, Gildersleeve, took the chair. He said were all needed While the committee they are of the opinion that each able self into disrepute. He, the speaker, did Dr. May, superintendent of the art de take all possible care to avoid imposture, they find it simply impossible always to restrict the aid given to those who are called the "deserving poor," although soners being retained for a short sesson. The board had done its duty in ordering pelled to postpone the event until the these of course have always the first there is difficulty in finding permanent that the nuisance be abated. Dr. Fee present There should be nothing more claim on their assistance. But even the employment for them within the walls of pointed out that it would be fully ten days encouraging to the pupils of the school undeserving poor cannot be left to perish for lack of good and fuel in bitter winter weather, especially when the innocent Dr May addressed those present for a children must suffer with the parents, and they believe that the Coristian renument same, and add much to the beauty of the applied as soon as possible, but that, if | Kingston on his last visit, he did not of the community would have been deep court house. They could also be em- any ene could suggest a speedy remedy, it think that twenty one diplomas would be ly outraged, if, with public funds at their ployed in gardening at the general hos- would be adopted at once. Dr. Grant secured at the colonial exhibition by the disposal, the committee had allowed even pital, thus adding much to the means of then moved that a further supply of lime pupils of the Kingston art echool. The one of the most undeserving poor to

From the regular poor relief fund twenty-two families of the class usually helped by it, i c. widows and infirm persons, received aid during the whole winter Fifty-seven other families received assistance more or less frequently as they reuired it. The aid given was usually fuel and bread, mest and groceries being supplied in cases of sickness or special need. Over and above the assistance, given out of the ordinary fund, a small special fund was contributed by two or three generous individuals, for the express purpose of relieving the wants of a number of families of unempl yed working m n, several of these lately arrived Eng lish immigrants. About 25 families were assisted and temporarily help d This. pecial fund amounted to about \$125, of which sum \$50 was given by his worship the mayor, and \$50 by T. McKay Robertson E.q. It was a ministered, as the denors desired, simply on the ground of urgent necessi y, irrespective of any other consideration. The committee cannot, however, in this connection, refrain from adverting to the great evil of the long coma ion of employment for laborers dur log the winter, as being a most fruitful cause of poverty, vice and crime

The amount expended by the committee, in the two funds, has been somewhat over \$820, the largest expenditure the committee has ever had to report. By order of committee

Astonishing Success,

It is the duty of every person who has usea Boschee's German yrup to let its Mabel Carey, May Paul, M. Brophy and won-terful qualities be known to theirfrie da in curing Consumption, severe Messrs H. W. Poor, J. Wrenshall, Coughs, Croup, Asthma, Pueumonia, and in fact all throat and lung diseases. Romarks of a complimentary nature No person can use it without immediate were made to each pupil as they went relief. Three doses will relieve any case, forward to receive their diplomas To and we consider it the duty of all Drug-Mr. Poor, Dr. May said that his pupils, gists to recommend it to the poor dying he trusted, would receive diplomas at the consumptive, at least to try one bottle, as next exhibition. The number which had | 80,000 dozen bottles were sold last year, been received was a compliment to his and no one case where it failed was reported. Such a medicine as the German Dr. May then presented Mr. Gilder | Nurup cannot be too widely known Ask
