Of failing health, whether in the form of Night Sweats and Nervouspess, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sareaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restorcondition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fab. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs with-out stopping to rest. My friends recom-mended me to try Ayer's Sarsaparliis, which I did, and I am now as healthy and strong as ever. — Mrs. E. L. Williams,

I have used Ayer's Sarsaparilla, in my family, for Serofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterstive, and must say that I honestly believe in to be the best blood medicine ever compounded. - W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

scribe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared. and my stomach performed its duties more perfectly. To-day my health is com-pletely restored. -- Mary Harley, Spring-

tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood parifier yet discovered. - H. D. Johnson, 23 Atlantic ave., Brooklyn, N. Y.

LEWIS W. SHANNON,

THE MEETING LAST NIGHT

versity last night was more successful than could have been anticipated by a sanguine observer. The charms and pleasures of giving are real enough to the generous, but to many people they are velled; and where calls have been made so frequently as has been the case in Kingston for Queen's university, some coldness and indifference might have been was visible. On the contrary a large body of substantial citizens displayed the utmost enthusiasm in receiving the scheme unfolded by Principal Grant for placing his institution on a basis of permanent

The reasons for this are to be found the rising vigor of the college, in the breath of tolerance for which its rulers are conspicuous, and in its general worth as an institution of higher learning. No doubt, the fact that the professors and students spend a hundred thousand dellars per annum in Kingston weighs with many persons who regard all such questions from a monetary stand point, but such a view of the question never gives rise to enthusiasm, and it was not prevalent among the gentlemen assea bled
