FROM THE METROPOLIS

A FRENCH NOBLEMAN FINED FOR ASSAULTING A FRENCHMAN.

The Beath Rate of Montreal -L'Elevdard or the Premier's New Colleague - A Hard Fight Over \$20,000 Faller a Etc.

Montreal, Aug 26 -The estate of the late firm of McDaugall, Logie & Co , has been purchased by Alexander Ferguson & Co , G asgow. The business will be continued by them, with Wm. Brown as resident partner.

According to the Dominion Government returns, there were 705 deaths in Montreal during July. Of these, 375 were males and 330 females. The largest number, 253, died from disrehees! affections, compared with 243 in June From local diseases, 149 died, compared with 172; from developmental 184, compared with 181. The total number of deaths in July shows a decrease of 11 when compared with the month of June, when there were 716 deaths.

L'Etendard devotes a column of its space this morning to an unfavorable criticism of the Premier's latest nomination to the Legislative Council. Our contemporary states that it does not piptend to call in question the undoubted attempted to hide his advanced Liberal Miss Kate Foreythe in the leading role,

street, are in financial difficulties. A lengthy argument took place this morning before the Court, when the jurisdiction of the presiding Judge in the Chambers was tested by one of the counsel so interested, holding that a Judge in the Chambers could not, legally speaking over-rule a judgment delivered by a Judge in the Chambers. The Court, in a lengthy judgment, took the same view, and ordered the suspension of all proceedings in the case until the re-opening of the Supreme Court in September next, when the application could then be renewed before the Superior Court.

AN ECCENTRIC DRUG.

The Remains of Egyptians Buried Thousands of Years Ago Turned into Medicine. Nineteenth Century. Among the standard medicines quoted in the medical books of Nuremburg o wo hundred years ago are 'portions of the embalmed bodies of man's flesh brought from the neighborhood of Mem phis, where there are many bodies that have been buried for more than one thousand years, called mumia, which have been embalmed with costly salves and balsams, and smell strongly of myrrh, loes and other fragrant things." learned doctors of France, Germany and Italy all made great use of this The Jow immense number of fishermen and others

eccentric drug, and in the seventeenth century grievous complaints arose of its adulteration. Mr. Poinet, chief apothe cary to the French king, records that the king's physician went to Alexandria to judge for himself in this matter, and having made friends with a Jewish dealer in mummies, was admitted to his store house, where he saw piles of bidies. He asked what kind of bidies were used and how they were prepared. nformed him that he took such bodies as he could get, whether they died some disease or of some contagion He embalmed them with the sweep who hooted the police, but made no other ings of various old drugs, myrrh, aloes, pitch and gums ; wound them about with a cere cloth and then dried them in an oven, after which he sent them to Europe, and marvelled to see the Christians were overs of such filthiness. But even this revelation did not suffice to put mummy physic out of fashion, and we know that Francis I. of France always carried with him a well filled medicine chest, of which maintain Australian interests. his was the principal ingredient; raveller also records how one of his riends found in the tombs at Ghizeh a jar parefully scaled which he opened and ound to contain such excellent honey Carlin, Chief Clerk at the Cheyenne hat he could not resist eating a good deal Agency, was married to-day to Madison of it, and was only checked in his feast Duprest, the wealthiest Indian heireas by drawing out a hair, whereupon he inon the Sioux reservation.
