THINK

OF THE THOUSANDS OF YOUNG MEN in Canada who, owing to the depression, are unemployed, and who look to the country of their days to assist, as the whole of the world is doing, in developing the vast resources of the Dominion. Let the youth in Harvest Diseases, Seminal Weakness, Impotency, Nervousness and those that have left to go and see the tower and the Abbey. Tney do not understand the symptoms and are being misled by unprincipled quacks more of PROF. L. O. FOLLETT'S GREAT SPECIFIC PERUVIAN SYRUP, prepared for the express purpose of restiring the above, and which is guaranteed to effect a permanent cure in every case, or refunding the money. Pamphlets sent free. Sold by druggists generally throughout the Dominion.

THOMAS BRIGGS,
Manag'r.
Kingston, December 23rd, 1881.

WAGGONER HOUSE,
Waggoner Brothers, Proprietors.

WE announce to the public and our customers that with much pleasure that we will now have the honor of handling the Celebrated Bain Waggon, Clute, W. A. Ball and W. Nugent. The selection takes place on Wednesday and promises to be a spirited contest.

A very interesting concert was held in Parker Hall on New Year's Eve, under the auspices of the C. M. Church. The hall was comfortably filled with a large and well behaved audience. The principal feature of the programme were the comic songs of Mr M. Wellington, and the recitations of Miss Alice Saibby. An attempt at a come tab lesh by Messrs. A. Paul and others proved a dismal failure, the audience not being able to see what the fun was. The proceedings closed with a cantata, entitled "Never Say Die," but owing to the illness of Miss Jessie Stickney, who had the leading part, it was not very well performed. The singing of the choir was very good, their selections being good ones and well rendered.

The new year was ushered in by the blowing of the paper mill and factory whistles, and the ringing of the town bell.

Timely Warning.

Now is the season for sudden colds and distressing coughs; treat them with Hagyard's Pectoral Balsam. It cures coughs, influenza, asthma, whooping cough, bronchitis, and all pulmonary complaints leading to consumption.

SOCIETY SCANDALS.

A Batch of them are Quietly Dispersed Of.

Society continues to bear itself with the affairs of the Marquis of Lorne. It is now semi-officially announced that the Viceroy of Canada will return to his duties at the time already announced in these columns, and that the Princess will follow him early in the spring. She stays here on the advice of her medical attendants. A distinguished lady "who knows" informs me that there is not the slightest ground for the gossip of society journals which make out that the illustrious pair do not live happily together. The Princess was very seriously hurt in the sleigh accident some time since, and that movements in regard to her extended visit to England are at the discretion of the doctors. The statement that there is a coolness between the Princess and Queen is disproved by the visit of the Marquis and his wife to her Majesty, and also by the affectionate reception the Queen gave her daughter. Much of the modern art of conversation in society consists in suggesting scandals in high places. The worst of this is that so-called listeners invent suggestions and hints with the importance of facts, and give them to the world as news. Hence many of our weekly papers are fed on canards. One of the latest of these is that the ex-Empress of the French is about to take up her permanent residence in Paris, whereas she is as free, as has always been stated, at Farnborough Hill. Mr Brewster, who is writing a new book on diamonds, tells me that the Empress is receiving one of his manuscripts relating to the famous gems, and that the Queen also is similarly honoring him in regard to a chapter on the Kohinoor.

The Ghost of the Czar.

A St. Petersburg correspondent sends the following:—"A fantastic story is on its travels. It is asserted that the late Czar has reappeared in the Kazan Cathedral, accompanied by an aide-de-camp. Why should the Grand Alexander Romanoff in this ghostly fashion with an aide-de-camp when the living Alexander hardly ever walked about unaccompanied? At the Ministry of Foreign Affairs it appears to have been reported that the night guardian of the cathedral had been the first to see the august shade. A door leading to the vaults had suddenly opened, and the dead Czar issuing had walked with noiseless tread close to a certain saint. Having knelt and kissed the feet of this saint the apparition had retired in the same sad and noiseless fashion, first double looking the door behind it. The vision reappeared next night in the same position and the night after that to the whole astonished clergy, including the high priest. On this last occasion it kissed the cross before making its exit. In the morning the vaults were carefully examined and a large number of chests of dynamite discovered. Needless to observe, it was at once decided that the "spectre" was in reality a nihilist, who had hit upon this Shakespeare trick with the hope of silencing Alexander III. in the Cathedral and then blowing him to atoms. And this tale was gravely told in the drawing room of one of the high imperial officials."

The facts of the case are, however, very much more commonplace than the reports. The whole affair—ghost, nihilist and all—was a mere practical joke got up by two students with the help of a magic lantern. The whole absurdity story affair lately, not much less absurd than the other one. The nihilists had loosened the roof of one of the churches, and intended some evening when the house was crowded to tilt it over on to the heads of the spectators and crush them.

England Willing to Give Can ada to the United states.

It is becoming increasingly difficult for English common sense to comprehend the compensation of holding on to Canada. By the law of gravitation Canada seems to be tending towards the United States. Mr Goldwin Smith reports a serious agitation of that kind, not in the least for fear of by the Republic. In the "Life of the Earl of Shelbourne" Lord Edmund Fitzmaurice reproduced a paper submitted to Richard Oswald by Benjamin Franklin, in which he (Franklin) says: "Britain possesses Canada. Her expenses in governing and defending such settlement should be considerable. She ought be humiliating to her to give it up on the demand of America. Perhaps the country will not demand it. But, to the mind of the people in general, would it not have an excellent effect if Britain should voluntarily offer to give it up to that province upon the condition that in all times coming she should enjoy the right of free trade thither?"

It is rather remarkable that the tendencies should be now rather to a demand upon them from the United States to annex Canada. There is only a step between to the subjugation here, but so far as it goes it appears to be in favour of retaining Canada to work out her own salvation, without any trembling as to what England may say. Commercial England would probably prefer to have Canada pass to the United States, but she will not be shoved off. The tired Canadians do not pass for much here by their country cousins of the aristocracy, who have died and those that left to go and see the tower and the Abbey. They do not understand the sensation borrowed from the disloyalty of Americans. Yet Goldwin Smith's article by such few tilled links that Canada is prevented from going where her interests direct.

Newburgh News

Mr Allen Caton, who has been seriously ill, is improving slowly.

Mr A. Nugent, Math master in Woodstock High School, is spending his vacation in Newburgh.

Mr H. Clarke, head master of Smith's Falls High School, is spending his vacation a visit. Mr Clarke was at one time assistant teacher in the High School here.

The nominations for Reeve and Councillors, held last Monday, resulted in Mr Chester Bedell, Jr., being re-elected Reeve by acclamation. The Council consists of Messrs Bl. Mallon, H. Finkle, jr., T. Scott and W. Bell, all elected by acclamation.

At the nominations for school trustees no less than ten candidates were nominated in opposition to Messrs Scott and Surdette the returning trustees. All have resigned with the exception of Messrs Thos. Surdette, Clute, W. A. Bell and W. Nugent. The election takes place on Wednesday and promises to be a spirited contest.

NOTICE.

ALL PERSONS having any claims against the estate of the late Mrs. Ann Hall, of the City of Kingston, widow, deceased, are requested to send in the particulars of their claims to the undersigned on or before the 15th day of January, 1882, after which date the assets will be distributed among the parties entitled thereto, having regard only to the claims of which notice shall have been given.

Sydenham.

There was considerable excitement in Sydenham on Monday night. The elected candidates were very liberal. Your correspondent would have written on Tuesday morning, but he had a headache. At the close of the election the polls stood as follows: Reeve—John Rathdige, 170; Charles Rattan, 145. Deputy Reeve—Jos. Woodruff, 229; William Rattan, 110. Councillors —Daniel Blake, 213; Perry Beck, 187; Stephen Wood, 166; John Cockill, 170; H. Mallory, 66; R. Joynes, 71.

It is believed that the council for this year will be very much divided. There are some symptoms that there will be more "surplus" business at the end of the year.

The ice on Sydenham lake took at the last frost for the first time this winter, and on Tuesday last Mr. John Switzer drove his trotting stallion "Red Haikie" over a quarter part of the lake.

Our friend Santa Claus visited Sydenham this Xmas, and we are left in mourning the loss of one of our fairest. I regret at being able to give a list of the wedding presents. The catalogue from Yorker quite dazzled us. I do not believe Sydenham could "come up" so many nickel clocks, plated napkin rings, etc., etc.

The Leader of the Opposition.

Mr Blake has not increased his reputation or strengthened his position as a party leader by his ornamental efforts at West Northumberland. His "short-hair" references were extremely vulgar, and should never have fallen from such lips. But the first sentence of all was his contemptuous remark about Sir Charles Tupper's "trappings of office and knighthood." I have no particular admiration for those honors and distinctions, but if I were the Reform leader, or even a prominent member of a political party aspiring to office and public loyalty to the British Crown, you it certainly would not occur to me that I could do better than to ridicule honors conferred by the Queen. It was quite open to Mr Blake to raise the question as to whether Sir John A. Macdonald's claim had won the honour—had he chosen to be snappy and offensively personal—but to call it a "trapping of office" is a political leader, a threat at her who is the fountain of honour. And did Mr Blake think to the Queen, Sir Garnet Wolseley, and Sir Albert Smith, and Sir William Howland? —Canadian Spectator.

Guilty of Wrong

Some people have a fashion of confusing their honest remedies with the large mass of "patent medicines," and in this they are guilty of a wrong. There are many valuable family remedies fully worth all that is asked for them, and one at least we know of—Hop Bitters. The writer has had occasion to test their value, doing all that is claimed for them.—Christian Witness.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP for children teething. Its value is incalculable—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to put in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Yellow as a Guinea.

The complexion, in a case of unchecked liver complaint, culminating in jaundice, is literally "as yellow as a guinea." It has the same appearance because the bile, which enables the bowels to act, is directed from its proper course into the blood. In connection with this symptom there is nausea, coating of the tongue, sick headache, impurity of the breath, pains through the right side and shoulder blade, dyspepsia and constipation. These and other concomitants of liver complaints are speedily removed by the use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which is also an eradicant of scrofula, erysipelas, salt rheum, ulcers, cancers, humours, fever sores, tetter, scald head, and ringworm. It tones the stomach, rouses the liver, and after relieving them, causes the bowels to perform their functions naturally. High professional sanction has been accorded to this remedy, and its claims to public confidence are justified by ample evidence. Price $1, sample bottles, 10 cents. Ask for Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The wrapper bears a fac-simile of their signature. Sold by all medicine dealers.

CRAMPS, are immediately relieved by taking a teaspoonful of Perry Davis's Pain Killer in a little milk and sugar; it takes about two minutes to relieve the worst cases.

"Look Before you Leap."

When you are suffering from any internal disorder whatever, or from any cutaneous affection, don't aggravate the case by swallowing mineral poisons, but use Dr. Harvey's Red Spring Sugar Coated Pills, that have been a blessing to the public for upwards of forty years. Sold everywhere.

Cases in which the heart is weak and irregular in action are soon restored to health and regularity by Fellows' Syrup of Hypophosphites, for a person whose heart's action is feeble are most susceptible to the influence of cold, it is in the midst of the cold season its use is especially advised.

The Bells of Uppertendom

patronize SOZODONT because it perfumes and increases the most important feature in the face, namely, the teeth. Let the mouth be ever so much neglected, a few nights' use of diluted SOZODONT will restore to the roseate hue and lovely curve of a pretty mouth. SOZODONT is far above all rivalry for tooth powders.

HOLLOWAY'S PILLS is the medicine most in repute for curing the multifarious maladies which attack humanity, when wet and cold weather gives place to more genial temperatures. In short, these Pills afford relief, if they fail of being the absolute remedy in all the disturbances of circulation, digestion, and nervous energy, which at times oppress that portion of the human frame. Under the wholesome, purifying and strengthening powers exerted by these excellent Pills, the tongue becomes clean, the appetite improves, digestion is quickened, and assimilation takes place. Holloway's medicine possesses the highly estimable property of cleansing the whole mass of blood, which, in its renovated condition, carries purity, strength, and vigour to every tissue of the body.

HOLLOWAYS PILLS.

This Great HOUSEHOLD MEDICINE rules among the leading necessaries of life.

These famous Pills purify the BLOOD, and act most powerfully, yet soothingly, on the

LIVER, STOMACH, KIDNEYS,

and BOWELS, giving tone, energy and vigour to the great main springs of life. They are confidently recommended as a never failing remedy in all cases where a medicine is required, and as a mild aperient and general purifier they are unsurpassed.

Holloway's Ointment.

Is searching and healing properties are known throughout the world for the cure of Bad Legs, Bad Breasts, Old Wounds, Sore and Ulcers, it is an infallible remedy. If effectually rubbed on the back and chest, as well into the throat, it cures Sore Throat, Diphtheria, Bronchitis, Coughs, Colds and even Asthma. For Glandular Swellings, Abscesses, Piles, Fistulas, Gout, Rheumatism and every kind of Skin Disease, this Ointment has no equal.

Both Pills and Ointment are manufactured only at 533, Oxford Street, London, and are sold by all Druggists and other Dealers in Medicine throughout the civilized world, with directions for use in almost any language.

The Trade Mark of Holloway's Pills and Ointment at Ottawa, Hanon, any one throughout the British Dominions, who will keep up the American Counterfeits for sale, will be prosecuted.

Purchasers should look at the label on the pots and boxes. If the address is not 533 Oxford Street, London, they are spurious

FAIL NOT!

Joseph Rosse, Perry, writes: I was induced to try Dr. Thomas' Eclectric Oil, for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It had been a great blessing to me.

A COUGH, COLD or SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly a quarter of a century, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cents a box everywhere.

☞ To Rent.—A small farm to rent, five miles from Kingston; also, two farms for sale at a cheap rate. Apply to the owner, William David, broker, Princess street, Kingston.

SURE, BUT NOT SLOW.—People who have used Dr. Thomas' Eclectric Oil, to get rid of pain, find that it is sure, but not slow. A cough even, of long standing, is speedily controlled and cured by it. Rheumatism, neuralgia, colds, sore back, and swelled neck rapidly disappear when it is used.

Statistics of Lunatic Asylums show that nine-tenths of their patients are brought to their condition by abuses of the generative organs. A great Brain and Nerve food, known as Mack's Magnetic Medicines, is now sold by druggists, and comes highly recommended as a cure in all failing cure in all these diseases. See the advertisement in another column.

THE BEST REMEDY

FOR

Diseases of the Throat and Lungs.

Pulmonary diseases, affecting principally the throat and lungs, are the most dangerous and rapid results, and should be promptly met at the foundation of all pulmonary complaints. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Whooping-cough, Sore Throat, Asthma, Croup, and Catarrh, the effects of AYER'S CHERRY PECTORAL are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other agreements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and prove to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment, and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, unless so trifled with, become deeply seated or incurable. Use AYER'S CHERRY PECTORAL, which you may confidently expect the best results. It is a standard remedy, of known and acknowledged curative power, and is as obtain at any druggist's. Composed of the ingredients will allow. Eminent physicians, having its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
LOWELL, MASS.
SOLD BY ALL DRUGGISTS EVERYWHERE.
