HOLLOWAY'S PILLS,

This Great HOUSEHOLD MEDICINE ranks among the Indispensables of Life.

These famous Pills purify the BLOOD, and act with unerring certainty on the stomach, liver, kidneys, bowels, nerves, and every other part of the system, giving them vigour to perform their functions in a healthy manner. For all complaints incidental to females of all ages, and as a general family medicine are unsurpassed.

Holloway's Ointment.

In searching and healing properties it has no equal. For Bad Legs, Bad Breasts, Bad Wounds, Bad Sores, Bad Sore Throats, and Bad Colds, it is unfailing. If effectually rubbed on the throat and chest, it will take away a bad cough. Erysipelas, Scrofula, Coughs, Colds and every disease of the Glandular Investing, Adipose, Fibrous, Cuticular, Rheumatism and every kind of Skin Disease, is positively banished on its use.

The Pills and Ointment are manufactured only at 533 Oxford Street, London, and are sold by all respectable Medicine throughout the civilized world, with directions for use in almost every language.

The Trade Mark of these Medicines is registered at the Patent Office, and may be seen on the Label, Pot, and Box. Purchasers should look to the label on the pots and boxes: if the address is not 533 Oxford Street, London, their's are spurious.

December 4.

News in Brief.

Cheese boxes are to be made also at the proposed barrel works at Picton.

A fruit canning establishment is talked of in Picton.

Mr. Joseph Menard, of Grattan, who is employed near Hay Lake, is reported to have caught, a few days ago, seven trout, which weighed in all 99 pounds, one of them weighing 27½ pounds.

D. B. Holmes is President of Prince Edward Liberal Conservative Association, and J. W. Conger, of the Gazette, Secretary.

Mowatt's "scotch" movement has not fallen so flat as was expected. It has afforded a month's fun for the whole country.—London Herald.

Mr Wm. Soule, of Picton, died at his residence on Thursday, at the age of 78 years.

Movements are on foot for the formation of a "Prince Edward Colonization Society," by Picton capitalists.

Mr Bisnett, of Brockville, has teams drawing phosphate from Eganville to Cobden. He will have to put on more men or 100 tons will be left on his hands at Eganville.

The Pembroke Observer says that teams pass down almost every day, affected with pink-eye. Many of them have been working in the shanties only a short time, but have been compelled to leave on account of being attacked by this dread disease.

Carleton Place wants to be counted, and has lately added nearly 1,000 to its population to allow it. It is of course anticipated that the workshops will more than make up the number.

Mr Charles McKiernan, of Grattan, has discovered three veins of phosphate from one to six feet wide on his farm.

Brockville is going in for water works, and the council is negotiating with certain capitalists to build them.

The Canadian and Manitoba and Far West Times is the name of a journal recently established in Lindsay, Esq. It is a neatly printed serial and is devoted to the interests of British America, giving all latest information of the capitalists, men of business, tourists and emigrants. It will do much to further the interests of Canada in the mother country.

A Salt Lake despatch says: A family, a sept of the Living Cotton Woods snow storm, was rescued after several days of snow, not frozen but lying naturally in the cold. The husband, wife and infant were in one bed, and two boys and two girls, the oldest eleven years of age, in another. They were smothered instantly in their sleep.

An immense hotel is to be erected in Winnipeg this summer by Watson & McGaw, proprietors of the Queen's, Toronto. The new hotel will be five storeys high, of solid white brick, and is to cost half a million dollars. It will be located corner of Main-st. and Broadway, and will be a liberal copy of the famous Tremont House, Chicago.

Two hundred thousand dollars have been placed in the estimates for the construction of the Murray Canal.

Knox Church, and site, Winnipeg, were sold by auction on Saturday night for $126,100, half cash and the balance on mortgage. The rental is $17,500 per annum for five years.

The sum of one thousand dollars has been appropriated by the Dominion Government for clearing out the entrance of the Tay River, between Port Elmsley and its mouth, the accumulation of sawdust, etc., having created navigation at this point almost impossible in midsummer.

The sale of lands in the C. P. R. land office for the last week has averaged 20,000 acres per day. The office is crowded every day with personal applicants.

The Question Settled

There's no use in arguing the question of the potency of some substances for especial service in certain cases. They will do all they promise, and more if judiciously used. Tis following from Mr P. Murphy, of No. 1 Fire Station, Ottawa, Canada, bears upon the point stated above. Mr Murphy says: I had occasion to use St. Jacobs Oil recently, and must say that it is to best Liniment I ever used. I caught cold from getting wet at a fire, and it settled in my shoulder and down my back to my hip. I suffered a great deal from the pain. I was advised to try St. Jacobs Oil. I did so, and after the fourth application I was entirely free from pain. I cannot speak too highly of it, and advise others to use it.

A Public Meeting

should be called of the citizens of every city, town and village in the Dominion, to consider what should be done to prevent falling hair. If this important question received their earnest consideration they would unanimously decide that science had at last discovered something that would answer this purpose—and further-more would recommend Ayer's Hair Renewer as being this something for restoring the hair to its natural colour, and preventing its falling out. For sale at WARD'S Drug Store, at 50 cents per bottle.

Ample warning is given us by our lungs when they are in danger. If feeble-handy enough to neglect the warning signal, we incur imminent peril. Check the cough at the outset with Dr. Thomas' Eclectric Oil—which is a sovereign pulmonic—besides being a remedy for soreness, lameness, abscess of the skin, tumors, piles, rheumatism, etc.

Shrewdness and Ability.

Hop Bitters, so freely advertised in all the papers, secular and religious, are having a large sale, and are supplanting all other medicines. There is no denying the virtues of the Hop plant, and the proprietors of these Bitters have shown great shrewdness and ability in compounding a Bitters, whose virtues are so palpable to every one's observation.—Examiner and Chronicle.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

BURNETT'S COCOAINE

Has Received Universal Endorsement

No other preparation possesses such remarkable properties for embellishing and strengthening the hair, and rendering it dark and glossy. It cures baldness and eradicates dandruff.

BURNETT'S FLAVORING EXTRACTS are the best.

THE ELEMENTS of BONE, BRAIN and MUSCLE are derived from the blood, which is the vital and natural source of vital energy, the motor of the bodily organs. When the circulation becomes weak or impoverished, or overcome by disease, the whole system suffers from indigestion and imperfect assimilation of the food, which should enrich it, every bodily function flags and the system grows feeble and disordered. When the blood becomes impure, either from the development of inherited seeds of disease, its contamination by bile or other causes, serious maladies surely follow. A highly accredited remedy for these evils is North-rop & Lyman's Vegetable Discovery and Dyspeptic Cure, which eradicates impurities of the blood and fertilizes it by promoting digestion and assimilation. Moreover, this fine alterative and stomachic exerts a specific action upon the liver, healthfully stimulating that organ to a performance of its secretive duty when inactive, and expelling bile from the blood. It likewise possesses diuretic and depuren: properties of a high order, rendering the kidneys active and healthy, and expelling from the system the acrid elements which produce rheumatic pains. Price, $1. Sample bottle, 10 cents. Ask for Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The wrapper bears a fac simile of their signature. Sold by all medicine dealers.

A Word of Wisdom

There is only one sure and certain way of keeping your live stock, whether fowls or animals, in a perfectly healthy and thriving condition, and that is by mixing Harvell's Condition Powders with their feed. Try these great specifics and satisfy yourself.

ATHOSIA CURES.—Follows' Compound Syrup of Hypophosphites. Asthenia or Loss of Voice, is remedied in a short time, no matter whether the cause be from inflammation of the lining membrane, from cold, or from nervous derangement.

Revolutionize

the condition of the teeth when din ordered, with SOZODONT, a solvent and eradicator of impurities, which effect their strength and natural whiteness. The odor of tobacco and that still more offensive one to which impure teeth give rise, is removed, and the gums vitalized by this fine dental tonic and lenitive.
