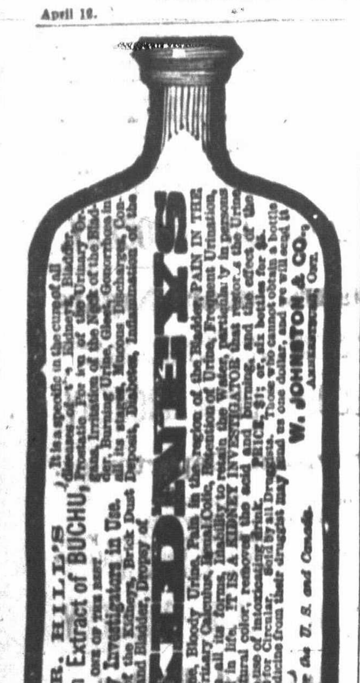
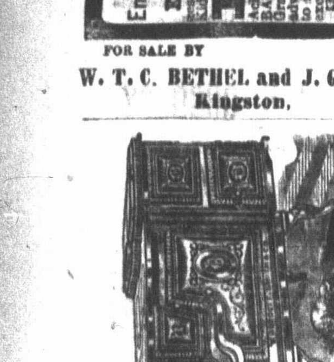
April 12.



FOR SALE BY
W. T. C. BETHEL and J. G. KING,
Kingston.



EXAMINE Our Sure Luck Range, for Coal or Wood. Entirely new this season. Neat in design, with nickel-plated ornament. LOW IN PRICE.
CHOWN & CUNNINGHAM,
Bagot Street.

A FAITHFUL FRIEND.

LADY CUSTOMER TO FRIEND—Have you seen those beautiful Buttoned and Side Laced Boots at HAINES & LOCKETT'S? They are really equal in finish and style to American, and are made in Kid and Polish Calf Kid, and some lovely Diagonal and Corded Cloth Tops, in black and colours.

FRIEND—No, I have not seen them. I generally buy my Boots at ——'s.

LADY CUSTOMER—You are foolish to buy at ——'s, for Haines & Lockett have such a variety, and keep such a large stock, and you know they do a great business, and have the leading "City Boot Store," as Belleville, Kingston and Trenton.

FRIEND—So I have often been told. I must try them next time I want boots.

LADY CUSTOMER—You can get almost anything in the boot line there, and they have only one price, and don't ask 25 or 50 cents a pair more than they intend taking, and I find they sell at the lowest. Indeed, when comparing prices at other stores I have always found that ten times out of twelve I could buy very much cheaper from them.

FRIEND—I do like that way of doing business. At ——'s I always have to ask for a reduction, or I would pay more than the price.

LADY CUSTOMER—Certainly, it is more satisfactory; and then, being such large dealers, they purchase at wholesale jobbers' terms, and from some manufacturers who never sell to the retail trade.

FRIEND—Of course such advantages in buying must enable them to sell very low, and accounts for their being able to do a wholesale, as well as retail, business.

LADY CUSTOMER—They have had a great quantity of goods this Spring, and I hear their Mr Lockett has just visited the Montreal, Quebec and Eastern Manufacturers, completing their Spring and Summer purchases.

FRIEND—Why! what an immense business they must do.

LADY CUSTOMER—Yes. I have heard that they do the largest retail boot and shoe business in Canada.

FRIEND—Good-bye for the present. I will try HAINES & LOCKETT when any of our family need boots again.

FOR SALE.

FRAME HOUSE on the corner of George and Patrick Streets. Five Rooms and Kitchen; Yard and Woodshed. Also, the adjoining Frame Cottage, containing three Rooms and a Kitchen, Stable and Garden.

The property known as Ledford's Point on Wolfe Island: Frame dwelling house, five acres of land, good garden and orchard, fifteen minutes walk from the Ferry. A good summer residence.

A Brick Cottage, nearly new, on Upper Colborne Street. Seven Rooms, Woodshed, Well and Cistern. Lot 40 x 132.

FOR SALE OR TO LET—The property in Barriefield owned and occupied by Martin Strachan, Esq. The House contains nine Rooms and Kitchen, Pantries, &c. There is also a Stable, Driving House, the usual outbuildings, and about four acres of land.

Apply to
S. C. McGILL,
Real Estate Agent,
Clarence Street, opposite the Post Office.

April 15.

SPORTING NOTES.

Items of Interest to the Sporting Fraternity Gleaned from Various Sources.

The Sportsman says that once more Hanlan talks of retiring.

The Australian cricket team are expected in England the second week in May.

Hanlan and Trickett are in training for their race on the Thames championship course on May 1st. The stakes are £500 a side.

Arthur Hancock, the English champion fifty mile walker, is in America. As yet, he has arranged for no matches.

The prize fight between Donohue and Sweeney in New York did not come off, Donohue having been bound over to keep the peace. The stakes were $1,000.

There will be trotting races at Woodbine Park, Toronto, on the 24th of May. The Canadian Sportsman offers $500 as prizes in the 2:40 class, open to all horses bred and owned in Canada.

Wm. Blackwood, the veteran pugilist, died of dropsy at San Francisco recently, and was buried by the city authorities. In his better days he fought Matt Tracey, George Taylor and Patsy Foy.

A ten-mile equestrian race for $5,000 took place at Houston, Texas, a short time ago, between Miss Nellie Burke, of Omana, Col., and Miss Mollie Taylor, of Michigan. Miss Burke won in 26 minutes and 30 seconds.

An attractive athletic tournament, under the auspices of the Caledonian Society and the Brant Lacrosse Club, will be held in Brantford on the Queen's Birthday. A firemen's tournament will be held in the same place on May 31st.

The boxing mania has spread to the females. On the 23rd March, at New York, Miss Carrie Edwards defeated Miss Alice Jennings. The latter, however, has challenged any female pugilist in the world to box for gold medals and the female boxing championship.

The location of the United States National Regatta at Detroit on August 8th and 9th renders it certain that Detroit will have a week of aquatic sports, as the regattas of the Northwestern Rowing Association, and of the Detroit River Navy will be held at the same time.

The Brants, of Brantford, have reorganized for the approaching season. The Brants is the best amateur lacrosse club in Canada, and met with only one reverse last year, and that at the hands of the Montreal Club. The Athletics, of Kingston, fell easy victims to them on the 23rd of August.

Jacob Gaudaur wants to row Peter Boll, of Pittsburgh, Pa., a three-mile race for either $500 or $1,000 a side. The Pittsburgher has refused to accept the challenge, putting forward as an excuse that he is not in fit condition. Gaudaur is probably the third best oarsman in America, being considered next to Hanlan and Ross.

Some of the English fighting men are eager to meet John L. Sullivan, the champion. Pat Perry wants to fight him four rounds, Marquis of Queensbury rules, with hard gloves. Ike Baker and William Sheriff, a Prussian, also want to be accommodated with a match. Sullivan has received some half dozen challenges from pugilists in the United States, but no notice will be taken of any of them until a forfeit has been posted.

The intercolonial cricket match between Victoria and New South Wales commenced on the 10th of February, and ended in a victory for the latter team by an innings and 138 runs, New South Wales making a score of 775 against excellent bowling and fielding on the part of the Victorias. Murdoch, after contributing 321 runs to this extraordinary total, was caught. The record of 775 in one innings is the best yet.

Fastest Steamer in the World.

The London Times of March 21 says the steamer Stirling Castle was tried in the Clyde on Friday and Saturday, and gave a speed which shows her to be the fastest ocean going steamer in the world. In the course of a run of six hours on Friday she gave an average speed of 18.18 knots, and on Saturday six consecutive runs: the measured mile gave a mean speed, calculated on the admiralty method, of 18,418 knots, or 21 3 18 miles per hour. The actual time taken in running each mile respectively was 3 min. 13 sec; 3 min. 23 sec; 3 min. 12 sec; 3 min. 18 sec; 3 min. 18 sec; and 3 min 18 sec. The vessel has been built for the China trade, and was tried with a cargo of 3,000 tons dead weight on board, ready for the voyage out. Her length is 430 feet, breadth 50 feet, and depth 42 feet, and she registers 4,300 tons. Her engines are the three cylinder type, and they developed 8,237 horse-power. Some of the speed is due to the character of the propellor. It is made of manganese bronze, is 22 feet 4 inches in diameter, with a pitch of 31 feet. The maximum number of revolutions at the trial was 66½ per minute, accompanied by absolutely no vibration, except in the immediate vicinity of the scred shaft. The hull is built of steel, on plans approved by the admiralty, with a view to national requirements, and is capable of carrying coal for a twenty-four day,s cruise.

Bright's Disease, Diabetes, Kidney, Liver or Urinary Diseases.

Have no fear of any of these diseases if you use Hop Bitters, as they will prevent and cure the worst cases, even when you have been made worse by some great puffed up pretended cures.

A Fine Hair Dressing.

COCOAINE dresses the hair perfectly, and is also a preparation unequalled for the eradication of dandruff.

The superiority of BURNETT'S FLAVORING EXTRACTS consists in their purity and great strength.

HOLLOWAY'S PILLS.—The sudden changes, frequent fogs, and pervading dampness sorely impede the vital functions and conduce to ill-health. The remedy for these disasters lies in some purifying medicine, like these Pills, which is competent to grapple with the mischief at its source, and stamp it out without fretting the nerves or weakening the system. Holloway's Pills extract from the blood all noxious matters, regulate the action of every disordered organ, stimulate the liver and kidneys, and relax the bowels. In curing chest complaints these Pills are remarkably effective, especially when aided by friction of the Ointment on its walls. This double treatment will ensure a certain, steady, and beneficient progress, and sound health will soon be re-established.

Thomas Myers, Bracebridge, writes: "Dr. Thomas' Eclectric Oil is the best medicine I sell. It always gives satisfaction, and in cases of coughs, colds, sore throat, &c., immediate relief has been received by those who use it."

A WOMAN'S JAW

Removed to Preserve Her Life and Beauty—Remarkable Surgery.

On Thursday morning a reporter of the Miner was permitted, through the courtesy of Dr. F. Hartman, to witness a remarkable and difficult surgical operation, consisting of the removal of the entire lower jaw. The patient is Miss Gertrude Hickman, daughter Hickman, of Silver Plume. On November 27th, 1880, while the family were living in Leadville, the extraction of a tooth caused some inconvenience afterward and an incompetent medical attendant administered mercury, which produced salivation and eventually resulted in necrosis of the whole lower jaw, attended with terrible suffering and a reduction in the weight of the patient from ninety-eight to thirty-three pounds.

Having had charge of the case several weeks, Dr. Hartman decided on the course mentioned, and secured the services of Dr. Bradley as assistant. At the time set for the operation one table was completely covered with differently shaped and cruel-looking lances, pincers, scissors and other surgical instruments, supplemented by numerous materials and appliances intended to meet any emergency that could possibly arise, and another stood ready for the patient when the anæsthetic being administered in another room had kindly produced insensibility. When this was accomplished the unconscious girl was placed on the table, the adhesions between the jaw bone and the muscular tissue were severed with the lancet and the jaw was broken at the chin. The left half, clear of the articulation, was first extracted with comparative ease, and afterward with a little more difficulty, owing to the hemorrhage proceeding from the disrupted blood vessels, the right side also. The application of cold water by means of a syringe at once cleansed the parts and stopped the bleeding, and in sixteen minutes from the time she was laid on the table the patient was carried back to bed, where she almost immediately recovered consciousness, so nicely had Dr. Bradley guaged the application of the chloroform, and informed her delighted but trembling parents that the operation that they had dreaded so much had been skilfully and expeditiously performed. She speedily recovered from the effects of the anæsthetic and a marked improvement is already apparent. Dr. Hartman is confident that a plate and a set of teeth may supply that place of the extracted jaw. This is the first time this operation has been performed in the State. Strange to say the operation will cause no permanent disfigurement.—Colorado Miner.

Testimony of an Eminent Physician

The proofs which authenticated the claims of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites to be regarded as the finest pulmonic in use, emanate in many instances from physicians of eminence. Dr. J. Corlis, of St. Thomas, writes as follows:

"During ten years of active practice, I have had occasion to prescribe Cod Liver Oil and Hypophosphites. Since your preparation came under my notice, I have tried it, and take great pleasure in saying that it has given great satisfaction and it is to be preferred to any I have ever used or recommended. I have used it in my own family during heavy colds, and in every instance a happy result has followed. I cheerfully recommend its use in all cases of debility arising from weakness of the muscular or nervous system."

What can be more convincing than this. Here is a professional man of long practice and high reputation bearing direct and positive testimony to the value of a remedy which he has thoroughly tested. Who can read and doubt? Assuredly no one of common sense.

This matchless specific for throat and lung diseases is also most serviceable in scrofulous cases. Purchasers should be careful to observe that each wrapper has a fac-simile of the firm's signature upon it. Prepared only by Northrop & Lyman, Toronto, Canada.

HOLLOWAY'S PILLS.

This Great HOUSEHOLD MEDICINE ranks amongst the leading necessaries of life.

These famous Pills purify the BLOOD, and act most powerfully, yet soothingly, on the LIVER, STOMACH, KIDNEYS, and BOWELS, giving tone, energy and vigour to the great main springs of life. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to females of all ages, and as a general family medicine are unsurpassed.

Holloway's Ointment.

Its searching and healing properties are known throughout the world for the cure of Bad Legs, Bad Breasts, Old Wounds, Sores and Ulcers. It is an infallible remedy. If effectually rubbed on the neck and chest, as salt into meat, it cures Sore Throat, Diphtheria, Bronchitis, Coughs, Colds and even Asthma. For Glandular Swellings, Abscesses, Piles, Fistulas, Gout, Rheumatism and every kind of Skin Diseases, it has never been known to fail.

The Pills and Ointment are manufactured only at 533 Oxford Street, London, and are sold by all Vendors of Medicines throughout the civilized world, with directions for use in almost any language.

The Trade Mark of these Medicines are registered at Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

Purchasers should look to the label on the pots and boxes. If the address is not 533 Oxford Street, London, they are spurious.

CITY COUNCIL.

Plenty of Business Done—A Pound-Keeper—The Dust Nuisance

There was a regular meeting of the City Council last night. Present: The Mayor and Alds J. Carson, R. J. Carson, Clements, Craig, Creeggan, Downing, Dupuis, J. P. Gildersleeve, Irving, Law, Little, McCammon, McGuire, McIntyre, Quigley, Redden, Smythe, Allen, Gordon and Wilson.

The minutes of the previous meeting were read and approved.

The Council went into Committee of the Whole and passed a number of consolidated by-laws.

FINANCE REPORT.

Ald. Irving presented the report of the Committee on Finance, which recommended the payment of the following accounts: Pay list $104.67, City Registrar, $5.70, Telegraph Office, $3.42, F. A. Sergeant, engrossing address, $4, J. R. Smeaton, $3.40, cabmen and carters account, $13.40, pay list, market battery work, $4.05, Kirkland and Turnbull, $7.

The committee will provide $50 to pay labour done in Victoria Ward in the event of the recommendation of the Committee on Streets.

Ald. McCammon said there was one item that he wished to call attention to, and that was the $50 for Victoria Ward. He did not think that the Finance Committee should appropriate money to wards, without the matter first coming before the Streets Committee. The money has already been expended. He hoped the item would not pass the Council without some remonstrance, so as to prevent the same course being pursued again. The Chairman of Victoria Ward employed the city horses without the permission of the Streets Committee, and judging from what he saw they were not doing half a day's work.

Ald. Downing—I never asked for the $50. It was Ald. Allen who forced it on me.

Ald. McCammon—There was a special appropriation last year of $100. Has that been spent?

The Mayor said it had.

Ald. Creeggan explained that the $50 asked for by the chairman of Victoria Ward would be taken out of the appropriation. When Ald. Downing came before the Streets Committee he asked for a special appropriation, but Ald. Allen objected.

Ald. Allen—Ald. Downing says that I forced him to take the $50. It is the first time that I ever heard of such a case. The way I forced it upon him was, I made him proceed about getting the money in a proper manner. He wanted a special grant of $10, or something like that, but I said no, as already $50 had been appropriated to each ward to pay some poor men to whom money was coming. As regards the horses, Ald. Downing was using them when they might be standing idle. Ald. Downing is something like the Mayor used to be—he wants to keep the horses working in his ward the year round. I will force no more money upon Ald. Downing.

The report was received and adopted.

WHO SHOULD PAY FOR IT?

Ald. McCammon spoke in reference to the telephone connecting the Magistrate's house with the exchange, and asked if the city paid for it. He did not think the city had any more right to pay for a telephone for the private use of the Magistrate than for one for the use of the Mayor or the City Clerk.

Ald. Irving—I object to the discussion.

Ald. Allen—We have no right to pay for a telephone to a private house.

STREETS REPORT.

Ald. Dupuis presented the report of the Committee on Streets, as follows:—

The Committee recommend that the drain leading from Thomas Carter's house be filled up, which will obviate his payment of frontage fee.

Also that R. V. Matthews pay a frontage of 25c per foot, for breaking ground for a drain, and that no further frontage be charged him.

That a sum of $50 be appropriated to Clergy street, Victoria Ward, and that the same be charged to the Ward.

That applications for pound keeper be invited, the applicant to state terms on which he will accept the position.

That no action be taken with regard to the purchase of a street roller.

That the wages of corporation labourers be raised from 75c. and 90c. per day to 90c and $1.

Ald. Gordon asked what had been done with Mr Brannigan's petition. He was informed that it would come up again.

Ald. Dupuis said that probably next week he would drive around the city and inspect the streets thoroughly.

Ald. R. Carson—Has any provision been made for watering the streets?

Ald. Dupuis thought the Committee on Fire, Water and Gas had to look after that.

Ald. Wilson—Wait till the frost gets out of the ground.

Voices—No, no, no.

Ald. Allen—It is the Committee on Streets that controls the horses. We have a City Commissioner now, and let him go round to the different wards and get the names of those who are willing to pay for having the streets watered. Let the money then be handed over to Ald. R. Carson, and let him look after the job of having the streets watered. Last year it cost the city about $1,000 for this work, but all the people who paid the tax did not enjoy the benefit. Subscription is the fairest way. Last year the streets opposite some gentlemen's houses were watered to such an extent that it was a nuisance, while other streets did not get a drop, notwithstanding that the residents on them paid a portion of the tax. Ald. McCammon is scratching his head, I see, but he got his share of the water, but the upper wards got nothing. Fifty cents each from the merchants would pay for watering Princess street.

Ald. Dupuis—Is it the duty of the Committee on Streets to look after the matter?

Ald. Wilson—No. It is the duty of the Fire, Water and Gas Committee.

The Mayor thought it was the duty of the former, because they paid out the most money.

Ald. Wilson—And they get the most work done also.

Ald. Allen—Neither committee has power to allow the horses to water the streets. The people who want luxuries should pay for them. I am willing to pay a trifle for the luxury (watering the streets) myself.

A POUND KEEPER.

Ald. McIntyre said he was glad to see that there was a likelihood of having a pound-keeper. Last year he did special duty as a pound keeper.

Ald. McCammon—You should apply for the position, then.

Ald. McIntyre—The gentlemen may laugh but if they spent hundreds of dollars in beautifying their grounds, and then have them devastated by those infernal brutes of cows, they might laugh on the other side. The law does not permit me to shoot down these cows; if it did I would do so. The law does not permit me to poison them either; if it did I would do so. I say publicly, and on my responsibility as a lawyer that it is only the law that prevents me from killing the brutes. I would not care what loss others would incur. When I spend money to beautify the city, and my property is destroyed by cows, their owners should stand the loss. In the cities in the United States they have no fences around their residences, but still nothing is destroyed. While there I asked them how it was that nothing was destroyed, and I was told that the penalty was so stringent that if damage was once committed it was never done again. What is the case here? If a hair of a vagrant cow is touched it is termed an outrage. Some people think that because we have fine lawns the cows should have the privilege of pasturing on them. I hope stringent laws will be enacted in Kingston. Next year I intend to offer a reward for information that will lead to the conviction of any cow or animal that may trespass on Sydenham street west of Earl. I will keep cows off my place anyway.

Ald. J. P. Gildersleeve agreed with Ald. McIntyre. Cows were allowed to roam by their owners.

Ald. Smythe—To go to Rome?

Ald. J. P. Gildersleeve—Owners of cows deliberately drive the animals on to people's premises, and I have caught them at it. I intend to propose to take down the Park fence on West street and leave open grounds, but if the pound by law is not carried out we cannot do so without having everything destroyed.

Ald. McCammon—It will make a good pasture.

Ald. Gildersleeve—Not if I have anything to do with it. I am a little bit of a pound-keeper myself.

The streets report was received and adopted.

AUDITORS' REPORT.

The city auditors presented their report, as follows:—

Your auditors beg to report that they have completed the audit of the city books, and find them, in every respect, correct and satisfactory. Vouchers and warrants for all monies paid out have been carefully examined and found to agree with the entries made by the Treasurer.

The rolls and cash book of the Collector agree with the amounts credited by the Treasurer.

We have also audited the books of the police department, the Collegiate Institute, and the vouchers for payment of salaries to the teachers of the Public Schools.

The Collector having made a final return for the year 1881, we would recommend that the balance on the city books uncollected be written off for the years 1879, 1880 and 1881, so as not to appear as assets in next year's balance sheet.

We again respectfully submit that from the amount of time and labour required to thoroughly examine the city books, and the various accounts and additions thereto, that your Auditors are inadequately remunerated for their labour.

A full statement of figures will appear in a few days.

Referred to the Finance Committee.

THE STREET RAILWAY.

A letter was read, addressed to the City Solicitor, from Major McGill, Secretary of the Street Railway Company, as follows: I beg to acknowledge the receipt of your letter of the 5th of April, enclosing copies of two resolutions, passed by the City Council, and in reply I am directed to state that the manager is now engaged in repairing the Williamsville end of the line as required at this season of the year. The track, however, will in some places have to be raised in order to meet the altered grade of the street, and as soon as this is done, cars will be run over that portion of the road.

Referred to Committee on Streets.

PETITIONS.

A petition was presented from Mr H. Hitchins regarding the suit he had recently with the city, and in which a non suit was granted.

Ald. McIntyre presented the petition of S. Cannon and other tax payers of Rideau Ward, asking that Victoria street be repaired. Referred to the Streets Committee.

Ald. Downing presented the petition of John McMillan asking that a fire alarm be erected in the vicinity of Mortonwood. Referred to the Fire, Water and Gas Committee.

WATERING THE STREETS.

It was moved by Ald. Gildersleeve, seconded by J. Carson, that the Fire, Water and Gas Committee be instructed to water the streets the same as last year.

Moved in amendment by Ald. Irving, seconded by Ald Little that the matter of watering the streets be referred to the Fire, Water and Gas Committee to report.

Ald. Irving thought it would be well to ascertain first where the water should be sprinkled. There were a number of complaints made last year by people who had received no benefit notwithstanding that they paid the same taxes as the merchants.

Ald. Smythe—It is not so. They pay the same rate, but not the same taxes.

Ald. Irving—Well they did not get a proportion of benefit.

Ald. Smythe objected to Ald. Irving's motion for two reasons. First, it was not necessary to water every street in the city; it was only the principal thoroughfares that require water at all. Second, all were interested in having the principal thoroughfares passable. It was nonsense to compare Princess street with the back streets of Rideau Ward. The condition of the streets at present reflected discredit upon the Council, not to speak of the loss being sustained by the merchants through dust. Every vehicle that goes along Princess street was followed by a cloud of dust that was almost unendurable. To allow the streets to remain as they are, one hour longer than was necessary, would be one of the wonders of the 19th century.

Ald. Downing said that the road going to the Grove Inn was the worst in the city.

Ald. Smythe—You should not go to the inn so much.

Ald. Creeggan objected to having his ward taxed for the benefit of another portion of the city. If there was any street in the city that needed water it was the Montreal Road. He could use the water carts for a month to come on them.

Ald. McGuire said the last speaker had evidently forgotten where Frontenac Ward was. A large portion of Princess street is in that ward, therefore a large benefit would be received by the representatives of the gentleman who had just objected. The watering of Princess street would be of as much benefit to customers as to the merchants.

Ald. J. Carson said that Ald. Smythe must think there are nothing but back streets in Rideau Ward. There is a large portion of Princess street in it.

Ald. Dupuis said that the drive to the depot on a windy day was the most disgusting in the whole province.

Ald. Allen—Ald. Smythe talks about a wonder of the 19th century. It is a wonder of the 19th century to hear him ask the poor man to pay for the rich man's streets to be watered. If the rich man wants a luxury, let him pay for it and not ask others to do so for him. I believe that a suit could be entered against the city if the horses were used in watering the streets.

Ald. Smythe—What nonsense!

Ald. Allen—Of course it is nonsense. There are misers in this city who want their streets watered for nothing. I believe in making the miser pay as well as the poor man.

Ald. Allen then moved that the Mayor instruct the City Commissioner to take the names of those who wish to have the streets watered at their own expense.

Ald. Smythe said Ald. Allen's motion was illegal. A commentation on municipal law says that before rates can be charged freeholders, etc., for the watering of streets there must be a petition presented from the parties interested asking that such be done. It will then be in the privilege of the corporation to charge. Before Ald. Allen's motion could be carried a petition would have to be received from the people.

Ald. Allen—I don't give a button for your commentation.

Moved in amendment to the amendment by Ald. Redden, seconded by Ald. Gordon, that the following streets be watered forthwith, until a definite plan is adopted: Princess from Barrie to King, King from Princess to Johnson, Bagot from Princess to Brock, Brock from Bagot to King, Wellington from Princess to Clarence, Clarence from Wellington to King.

The motion was lost on the following division:

Yeas—Alds. R. J. Carson, Gordon, McGuire, Redden, Smythe and Wilson.—6.

Nays—The Mayor and Alds. Allen, J. Carson, Craig, Creeggan, Downing, Dupuis, J. P. Gildersleeve, Irving, Law, Little, McIntyre and Quigley—13.

Ald. Allen's amendment was then put and lost also. The division was:

Nays—Alds. R. J. Carson, Craig, Dupuis, J. P. Gildersleeve, Gordon, Irving, McGuire, Redden, Smythe and Wilson—10.

Yeas—The Mayor and Alds. Allen, J. Carson, Creeggan, Downing, Law, Little, McIntyre, and Quigley—9.

Ald. Irving's motion, to refer the matter to the Committee was carried on the following division:

Yeas—The Mayor, Alds J. Carson, Craig, Creeggan, Downing, Dupuis, Gordon, Irving, Law, Little, McIntyre, Quigley, Redden, and Wilson—14

Nays—Alds. Allen, Carson, J. P. Gildersleeve, McGuire and Smythe—5.

THE PROVINCIAL FAIR.

On motion of Ald R. Carson, seconded by Ald Redden, the following committee were appointed to meet any committees that may be appointed by the County Council or Agricultural Society, in connection with the Provincial Fair: The Mayor and Alds. Smythe, R. Carson, Irving, McIntyre, McCammon and Allen. Carried.

The Council then adjourned.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.—Made simply with boiling water or milk. Sold only in Packets and Tins (½lb and lb.), labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, Eng." Also makers of Epps's Chocolate Essence for afternoon use.
