no time should be lost in making a commencement as it is generally the case that the time is found too short to complete everything.

Yours truly,
CHARLES DRURY,
President Association.

These letters explain themselves; they will show that I want the city to have her rights. As regards the difficulty between myself and the Sheriff, I contend that, after agreeing to have all work done by competition, he had no right to give out work without consulting the Board or asking for tenders. I am determined to have things done above board. Now, in looking over the report of the London Exhibition, I find that the Executive Committee was composed of eight members of the Council.

Mr Wilmot—Then the city ran the show itself.

The Warden—I am satisfied that if the county cannot have a say about the expenditure of the money the Council will not vote a grant. I have been asked to name the sum the county will give. I cannot do that, because I do not run the county. I do not believe in one man running a county or one man running a city either.

In answer to Ald. McCammon, Mr Wilmot said the city would get all the benefit of the show.

The Warden—The county would gain nothing.

Voices—Oh, oh, oh.

The Warden—Between $40,000 and $50,000 will be spent in the city, and I don't think one man will join his name to it. Our farmers cannot compete with those of the west.

Ald. McCammon—So much more to your shame. The information you will obtain will be valuable.

The Warden—But you will get the cash.

Ald. Allen—It is hardly fair to ask the Warden so many questions.

Ald. McCammon—Yes, it is; he is a Fair Ground man.

The City Clerk (to himself)—And it is all about a fair, too.

Ald. Allen—I cannot say for certain, but I don't think the county gave any more than $600 towards the last provincial show, and then, I think, there was a deficiency.

Mr Wilmot—You're right; there was a deficiency of $600.

Ald. Allen—And then the county had guaranteed to give the same amount at the city. I am very sorry that a difficulty has occurred. I do not want to have a difficulty with the Sheriff for the simple reason that I could always get along with him. Under the present circumstances I can only say I have given no guarantee, but, supposing that the committee deem it necessary to lay out $5,000 on the grounds, we will have to pay the balance, will we not?

Mr Wilmot—By all means.

Ald. Allen—Very well then, while I do not think the farmers would do anything wrong, just remember and don't put the county in the position in which the city is in, and I ask you gentlemen, would you not want to control the expenditure also? I think you will admit that you would. As regards the Sheriff and the Mayor, I think they should be left to run the show themselves, then they would agree like a book. It would be monstrous, notwithstanding that we have to pay the largest amount, not to allow a voice in the expenditure.

The Warden—You have a voice in the expenditure.

Ald. Allen—Yes, in the same shape as we have in the coal and Court House. I cannot believe for a moment, that the farmers do not receive a benefit from the show. I believe shows are got up for their benefit alone, and not for that of the citizens. If the farmers do not carry money home they take away information in their brains that is of far more value than a little money to, for one, am willing to vote $2 to the county's $1, and be relieved of the responsibility in the matter by the county.

Mr Wilmot—We have no time to organize in this manner now.

THE MAYOR'S ACTION SUSTAINED.

Ald. Creegan said the question at issue was: Will the Mayor or the Sheriff be sustained in their action? He thought that when the city had to foot the bill, it should have control of the expenditure. He thought the Mayor should back up the Mayor's action. He therefore moved, seconded by Ald. Quigley, that the action taken by the Mayor with reference to the Provincial Show be sustained by the Council. Carried unanimously.

POURING OIL ON THE TROUBLED WATERS.

Ald. McIntyre moved, seconded by Ald. R. Carson, that in the opinion of this Council the utmost unanimity should prevail between the representatives of the city and county with regard to the Provincial Exhibition, in order to make it a complete success. That the Council is anxious to do all in its power to accomplish that result. Having heard the explanations with regard to the difficulty, the Council is further of the opinion that it is susceptible of easy solution, and that the Sheriff be urged to assume the place in the Association where for so many years his services have been marked by great usefulness.

Ald. McIntyre did not think it necessary to make any allusion to the Mayor in the resolution. The Mayor has been a vigorous officer, not only in connection with the exhibition, but in all matters the city has in hand a guarantee of watchfulness, vigilance and energy in her behalf. His services cannot be overlooked.

Ald. McGuire said the motion did not get out of the difficulty. The city wanted a majority on the board, which she should have.

Ald. McIntyre—That can be determined afterwards.

The motion was then put and carried unanimously.

THE CITY'S REPRESENTATIVE.

The Mayor then named over those who were mentioned to represent the city—Alds. Allen, McIntyre, Irving, R. Carson, and himself.

Ald. Allen—That is one horse power. You had better let one man run the matter. One man could do the work for the County Council.

Ald. Carson—Let the Association run it; they have the power to do so.

The Mayor—But the County want to help in the matter.

After a short cross-fire between Ald. Carson and Mr Wilson, the Mayor stated that the deputation went to Ottawa in connection with getting a lease of the grounds, the Sheriff put in the application in his own name. He afterwards refused to change the application. The city has a claim on the grounds.

The Warden stated that the Sheriff did put in the application for the lease in his own name but on being told he had no right he was dissatisfied he was willing to return back and change the application, but the Mayor said, "Never mind."

The Mayor—You have a bad memory, Mr Warden. I am stating the truth. Mr Mayor,

The Mayor—You are a relation of the Sheriff's, are you not?

The Warden—Yes, but that has nothing to do with the matter.

Mr Wilmot (excitedly)—The Mayor feels pretty "touchy" in his position, and my opinion is that he will humbug you, and you will have no fair at all. He wants to be reverenced. Take my word for it, you will find he will play out.

The Mayor—You will find that I have paid more towards the fair than you ever thought of doing. I went to Ottawa and Toronto at my own expense and then subscribed $10 besides. You cannot show that you have paid $2.

Mr Wilmot—You were not asked to go to Ottawa at your own expense. The Society would have paid you.

Ald. Irving thought the city should have a majority on the committee because it had given a guarantee. As regards the difficulty between the Sheriff and the Mayor, he thought it was degrading to arbitrate (professional men) to ask them for tenders.

Mr Warden—We have plenty of room for our own show, and there would be no reason for our desiring to spend more money on the ground than was really necessary. As far as I am concerned, however, I will not throw a straw in the way. The County Council does not meet till the 14th of June, and until that time I can do nothing definite.

Ald. Allen—Get up a petition, and let the members of the Council sign it. A man could take it over the county in a week.

The Warden—If I get up a petition, will you circulate it? It would take two weeks to get over the county.

Ald. Irving—Will the two gentlemen present pledge their words that all will be well. If so we can proceed with the preliminary work.

Mr Wilmot—I am satisfied to do so as far as I am individually concerned.

The Warden said he would have nothing at all to do with the matter. He did not think the representation a fair one, and therefore he could not advise the county to be governed by the city.

Ald. Allen—Well let the thing drop altogether then. I move we adjourn (taking his hat with him).

In answer to the chairman the Warden said the county could have no say as he did not think they would have anything to do with it. He thought, however, they would have a great deal.

Mr Wilmot—How would it do to have a committee composed of three from the City Council, two from the Directors of the society, two from the county and two from the members of the Society, the chairman of whom belong to the city.

Ald. Irving—That is considered a good idea it was not discussed.

The deputation then withdrew.

Ald. McIntyre's motion (seconded by Ald McIntyre), that the city be represented in the Association by the Mayor and Alds. Allen, McIntyre, Irving, R. Carson, and himself—That is one horse power. You had better let one man run the matter. One man could do the work for the County Council.

Ald. Carson—Let the Association run it; they have the power to do so.

The Mayor—But the County want to help in the matter.

A short search will convince the most sceptical that these noble medicaments have afforded ease, comfort, and oftentimes complete recovery, to the most tortured sufferers. The Ointment will cure all descriptions of sores, wounds, bad legs, sprains, eruptions, erysipelas, rheumatism, gout, and skin affections. The Pills never fail in correcting and strengthening the stomach, and in restoring a deranged liver to a wholesome condition, in rousing torpid kidneys to increase their secretion, and in re-establishing the natural healthy activity of the bowels. Holloway's are the remedies for complaints of all classes of society.

Honesty

Testimony of an Eminent Physician

The proofs which authenticated the claims of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites to be regarded as the finest pulmonic in use, emanate in many instances from physicians of eminence. Dr. J. Corlis, of St. Thomas, writes as follows

"During ten years of active practice, I have had occasion to prescribe Cod Liver Oil and Hypophosphites. Since your preparation came under my notice, I have tried it, and take great pleasure in saying that it has given perfect satisfaction and it is to be preferred to any I have ever used or recommended. I have used it in my own family during heavy colds, and in every instance a happy result has followed. I cheerfully recommend its use in all cases of debility arising from weakness of the muscular or nervous system."

What can be more convincing than this. Here is a professional man of long practice and high reputation bearing direct and positive testimony to the value of a remedy which he has thoroughly tested. What can we add but doubt? Assuredly no one of common sense.

This matchless specific for throat and lung diseases is also most serviceable in scrofulous cases. Purchasers should be careful to observe that each wrapper has a fac-simile of the Lion and Unicorn upon it. Prepared only by Northrop & Lyman, Toronto, Canada.

STEAM POWER CLEANING AND DYEING WORKS PRINCESS STREET.

Notice to Steam Users.

MCDONALD'S GRADED INJECTORS are since superior to any Injector manufactured, for three reasons:

1st. They give two chances instead of one, having two forcer plugs.

2nd. A cold water hose is attached to them, making them serviceable in case of fire around the boiler.

3rd. They are one size cheaper than the Injector.
