SAMARITAN

NERVINE.

SAMARITAN NERVINE

Cures Delicate Fits, Spasms, Convulsions, St. Vitus' Dance, Vertigo, Epilepsy, Insanity, Apoplexy, Catalepsy, Hysteria, Hypochondria, Nervous Headache, Neuralgia, Sleeplessness, Melancholy, and all disorders consequential of Nervous Derangement, and differs therefore wholly from other drinks, never in crease spirit. It utterly destroys the power of Opium by substituting the beneficial effects of sleep in the system, and thoroughly eradicates the disease, and entirely restores the man.

SAMARITAN NERVINE

Cures Female Weakness, General Debility, Leucorrhœa or White, Painful Menstruation, Ulceration of the Womb, Irritation of the Bladder, Inflammation of the Bladder, Incontinence of Urine, Weakness of the Back, Nervous or Kidney Complaints. Used by thousands of the fairest women in America, and is the only remedy known to the world that will positively cure the above diseases. The hairdo of Opium Eating and Liquor Drinking are positively what nothing to be misunderstood. It is over-coming first taking the stomach, which medicine in cravings until it destroys the digestive organs. It is not a stimulant, a habit of liquor or case of opium, instead of nourishing only adds to the flames fire, until it consumes the vital force and blast itself. Like fire quickens when, it cries "Give, give, give!" but never satisfy until the only, absolutely corrects itself. SAMARITAN NERVINE gives instant relief in all such cases. It produces calm, quiets the nerves, builds up the nervous system, and restores body and mind to a healthy condition.

SAMARITAN NERVINE

Cures Nervous Dyspepsia, Palpitation of the Heart, Asthma, Bronchitis, Scrofula, Syphilis, diseases of the Kidneys, and all diseases of the urinary organs. SAMARITAN NERVINE, unequaled by the vicissitudes of youth, permanently cured by the use of this invaluable remedy. To age, young, middle-aged and old men, who are covering your sufferings as with a mantle by silence, hark up, you can be saved by timely efforts, and make yourselves to society, and the world what you were ever Master, if you will. Let her lamp like a meteor longer, until it wave your vitals, and destroy both body and soul. If you are wise, be advised, take

Sydenham High School.

To the Editor of the CHRONICLE AND NEWS.

As the request of a number of students who have seen them, I send you these few lines for publication, hoping you may find space for them:

Among the pleasing mem'ries of the past,
Which shall my heart re-joice while life shall last,
Dear school will thine a foremost place re tain,
With all the good which I from thee did gain.

They dear old walls, that, rising on a hill,
O'erlook the peaceful village calm and still;
A smiling lake, in the near distance seen,
Enchantment lends and beauty to the scene.
In sun shine serv'st a double purpose full,
Thy west end for a dwelling, thy east a school of learning.
Thy halls where students during recess meet
To converse oft, not caring for a seat;
Thy winding stairs that lead up to the room
Where after play we all our tasks resume,
Where ranged on seats we face the masters kind,
Who strive to feel each wisdom hungry mind,
Imparting knowledge by a patient toil,
While some to trifles turn their thoughts, and roil
Their tempers mild, and always in command,
And draw upon themselves the justly utter-ed blame!
Our teachers who with ever-anxious thought,
For us through hours of day have wisely wrought,
By much the learning they impart with care
Reward them by the fruit which it shall bear 3
And oft content with what the day has given,
Assemble us to classes after noon.
The packet fence that skirts the narrow ground,
Where oft the boys the football kicked around,
The mighty elm that sheds its cooling shade,
On many a bashful youth and modest maid,
Who, much its bought, oft seated on the form,
With laughter, chat, or song, the air make to storm,
Or contemplate examination day
With confidence, with doubt, or with des pair,
Till, summoned by the bell to work once more,
They strive anew to gain the needful store,
Here's a stout, clear school, well off my mind
Of toughest subjects, and furnish food for happy thought. Though age
In future years may dim my eyes, and cause My form to waste away by various laws,
The associations of these long past hours
Will cheer my heart and rouse my drooping powers.

Sydenham, June 12, 1882.

Newburgh

The Rev. Mr Cormack, of Kingston, late pastor of the Presbyterian Church here, is visiting in Newburgh.

The Rev K A Sanderson who was recently appointed pastor of the M E church, preached his first sermon in Newburgh on Sunday afternoon last.

A very successful social, in connection with the Presbyterian Church, was held in Burdette's Hall on Wednesday evening last. A large number were present.

The recent rains, and succeeding warm weather, have done much for the crops which grew look exceedingly well, particularly the rye and barley. Hay is very backward but may, it is thought, still yield well.

Mr. D. F. Pappa has had another serious attack of illness and although at one time his life was despaired of, he is now in a fair way of recovery.

Messrs J. Y. and W. Pappa are in the village visiting their father. Both these gentlemen were at one time connected with the defunct Newburgh Reporter.

The election campaign is being vigorously carried on by both parties. On Wednesday night last a meeting was addressed by Mr Bell in Thompson's school-house. Another meeting was held just at Grit interest at Napiers Mills, the speakers being Messrs Derochie and Aylesworth. A most enthusiastic meeting was held in Clark's Mills on Monday night in the Conservative interest. A large number of the electors were present, and listened attentively to the ad resses delivered by Messrs J. D. Ham, Dr. A. K. Aylesworth and Mr R. Tinsdale, of Newburg. Mr Hagerty of Clark's Mills, and by the candidate, Mr Bell. At the conclusion, rousing cheers were given for the Queen, Sir John and the candidate. Mr Bell is meeting with every success in his canvass throughout the riding, and his election by a handsome majority is now a foregone conclusion.

The Inverary Football Club

Several of the young men in and around Inverary, being desirous of establishing some kind of an athletic game in this place, determined, after a short consultation, to endeavor to start a football club. Through the efforts of the public school master of this section and one or two other ambitious young men a game was raised and the club in an excellent one, was bought. The first game was played last Thursday evening, and, although attending it in roughness and almost wholly destitute of science, it afforded great amusement to the lookers-on as well as to the players, and on the following Saturday night a large number of spectators and players were on the ground. The gentlemen belonging to the Sydenham High School Football Club, which is the only Association club in the district to meet with the K. C. I. Club, were present, who, besides adding much to the interest of the game, rendered valuable services by acquainting the new players with many of the tactics and rules of the game F. Edwards and H. Townsend being unanimously appointed as captains of the two sides for that evening, selected their men with great care and gave them their respective places, which they did moderately well, considering their limited knowledge of the requirements of the game. During the sport, which lasted between two and three hours, two goals were won by each side, and many a tumble and a few kicks were received by the excited players. Each side being anxious to win the laurels, the game was continued until darkness shrouded the earth with its sombre mantle, and, as further playing impossible. At the conclusion of the game three cheers for the new clubwere proposed and were heartily responded to by those present, after which the boys dispersed, feeling a little sore, no doubt, but all highly pleased with the sport. Although the young men who will constitute this club are farmers sons, used rather to hard work than athletic sports, yet they are by no means clumsy. They are, generally speaking, swift runners, and, being used to hard work, are all well fitted to withstand the fatigues of the game, and will, without doubt, become a formidable club with a little practice.

Every Heart Knoweth its Own Sorrow

This statement appears to contain much truth. In some cases, however, it is the heart of a nasty little cure, which, though small, is capable of much feeling. This form of heart-ache is very common, and can be remedied. PUTNAM'S PAINLESS CORN EXTRACTOR gives peace to the throbbing corn. Don't forget that Sold by druggists every where. Sold by N. C. Polson & Co.

Useless Fright

To worry about any Liver, Kidney or Urinary Trouble, especially Bright's Disease or Diabetes, as Hop Bitters never failed of a cure where a cure is possible. We know this.

All Our Druggists now heartily endorse the amazing success of Mack's Magnetic Medicine, and recommend it for both sexes in all cases of sexual weakness. See advertisement in another column.

WE STRONGLY recommend you to use Dr. Boschee's German Worm Remedy WORMERINE, a pleasant, safe, reliable and prompt remedy for the removal of stomach worms, and we can warn them from child or adult. It is easy to take, never fails, absolutely harmless, and requires no after physic.

What are the desirable qualities in a whisker dye? It must be convenient to use, easy to apply, impossible to rub off, elegant in appearance, and cheap in price. Buckingham's Dye for the Whiskers unites in itself all these merits. Try it.

Burnett's Cocoaine Will Save the Hair

And keep it in a strong and healthy condition, because it will stimulate the roots of the hair, and restore the natural action upon which the growth depends.

BURNETT'S FLAVORING EXTRACTS are absolutely pure.

Corns, Corns, Corns!

Everyone suffering from painful corns will be glad to learn that Dr. Thomas' Eclectric Oil has a new and painless remedy discovered by which the most obstinate corns can be cured by it in a few days. Its application must be re-sorted to but a short time each night, and the pain ceases. PUTNAM'S PAINLESS CORN EXTRACTOR is already known and used by thousands, and each person who has given it a trial becomes anxious to recommend it to their friends. It is safe, sure, prompt and painless cure for corns known. Put-nam's Painless Corn Extractor is sold by druggists every where. N. C. Polson & Co., Proprietors.

HOLLOWAY'S PILLS.—Invaluable distinct ed by indigestion and constipated in their search for its remedy should make trial of these never-failing medicine. A lady, long a martyr to dyspepsia, thus writes that Holloway's Pills made her feel like a new woman; but two tablets taken of her. Her spirits, formerly low, have greatly improved, her capricious appetite has given place to healthy hunger, her dull, sick headache has departed, and gradually so marvellous a change has been effected that she is quite a new creature, and again fit for her duties. These Pills may be administered with safety to the most delicate. They never act harshly, nor do they ever reduce weakness; they rapidly direct derangel, and control excessive, action.

A New Principle

The principle upon which PUTNAM'S PAINLESS CORN EXTRACTOR acts is entirely new. It does not sink deep into the flesh, thereby producing soreness, but acts directly upon the internal structure of the corn, separates it from the under layer, removes the direct pressure from the part, and at once effects a radical cure, without any pain or discomfort. Let those who are suffering from corns, yet skeptical of treatment, try it, and by the completeness of the cure they will be ready to recommend PUTNAM'S PAINLESS EXTRACTOR to others. Sold by N.C. Polson & Co.

Brilliant Scientific Triumph in France and England

It is now recognized by the leading medical men that Dr. M. Souvielle's Spirometer is the most wonderful invention of the age for the cure of Catarrh, Asthma, Bronchitis, and all lung diseases. After having been used in the leading hospitals, it was proved that 75 per cent. of these diseases, by many called incurable, can be cured by the Spirometer, an instrument which conveys medicinal properties direct to the parts affected. This discovery is proving a blessing to mankind and a credit to his name. Many persons in the city of Montreal, and all over the Dominion, have been cured of the above troubles. Below are a few of the many hundreds Mr C. Hill, Montreal, catarrh and bronchitis. Mr DeBonneville, of the Indian Department, Ottawa, catarrh of many years; now cured. Mr Gray, Agent, Ottawa, catarrh and lung diseases. Mr Wood, Montreal, Sheriff's office, Medical Detective, cured of catarrh. Mr Maguire, Toronto, 402 Adelaide street West, daughter cured of asthma. Several of my family and friends have been cured of bronchitis, asthma and catarrh by using the Spirometer. Dr. P. Whelan, Manager of the Post and Telegraph Writers, Montreal. Geo White, Exeter, cut, catarrh and bronchitis. John Dunn, 8 Robert street, Toronto, bronchitis. J. D. Armstrong, 196 Yonge street, Toronto, catarrh and catarrhal deafness. Thomas Fuller, 12 Mellinda street, Toronto, asthma, cured. Mr A. Drake, P.C., Urban street, Montreal, for many years suffering from bronchitis and asthma, is now cured. Thousands could be given, but the above is sufficient to convince the public of the merits of the Spirometer. Call or write, enclosing stamp, to M. Souvielle, Archæologist of the French Army, 13 Philips Square, Montreal. Physicians and sufferers can try it free.

WELLAND CANAL

NOTICE TO CONTRACTORS.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for the Welland Canal," will be received at this office until the arrival of the Eastern and Western Mails on TUESDAY, the eleventh day of July next, for certain works to be made in, and the lengthening of Lock No Two on the Welland Canal.

A map of the locality, together with plan and specification of the works, can be seen at the Office of the Resident Engineer's office, Thorold, on and after TUESDAY, the twenty-seventh day of June next, where printed forms of tender can be obtained.

Contractors are requested to bear in mind that no accepted Bank Cheque for the sum of $1,000 must be inclosed with each tender, which sum will be forfeited if the party tendering declines to enter into contract for the execution of the work at the rates and prices submitted, and subject to the conditions and terms of the specification.

The cheque thus sent to will be returned to the respective parties whose tenders are not accepted.

This Department does not, however, bind itself to accept the lowest or any tender.

THE BEST REMEDY

Diseases of the Throat and Lungs.

Is composed of the gol. den medicinal principles contained in pure and reliable remedies in the most concentrated form. Combining, in this way, the confidence of the public in the well-known virtues of each ingredient, with the skill and experience of the most accomplished chemist, the result is the best possible combination of the curative principles of the drugs employed for the cure of pulmonary diseases, affording prompt relief and rapid cures, and a stronger hold upon the confidence of the people than any other medicine. Being very palatable, the youngest children take it readily. In the following self-named diseases AYER'S CHERRY PECTORAL are unrivaled, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In **Whooping-cough and Consumption** there is no other remedy so effectual, soothing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, and "just as good," which, as they contain no curative qualities, can afford only temporary relief, and so are to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that those diseases may, while so trifled with, become deeply seated or incurable. Use AYER'S CHERRY PECTORAL, and you may confidently expect the best results. It is the standard medical preparation, of known and acknowledged curative power, and is to always be found useful in the severest forms of these distressing complaints.
