SAMARITAN

NERVINE.

SAMARITAN NERVINE

Cures Refractle Fits, Spasms, Convulsions, St. Vitus' Dance, Vertigo, Hysterics, Insanity, Neuralgia, Headache, Melancholy, Sleeplessness, Nervousness, and all nervous diseases. It cures by removing the cause, the nervous element, and thereby eradicates every species of it, never suppressing it, but drives them away from whatever they subsequently to return again. It stands pre-eminent as a remedy for all diseases by neutralizing the hereditary taint in the blood in the system, and thoroughly eradicates the disease, and utterly destroys the seeds.

SAMARITAN NERVINE

Cures Female Weakness, Seminal Debility, Leucorrhœa or Whites, Painful Menstruation, Ulceration of the Uterus, Internal Heat, Unrest, Inflammation of the Bladder, Irritability of the Bladder. For this class of complaints it has no better cure. During the season of Spring it will be found a great help to the system, it will purify the blood and give it a healthy action.

SAMARITAN NERVINE

Cures Alcoholism, Drunkenness and the habit of Opium Eating. These diseases do not arise from the worst evils that have ever befallen suffering humanity. Thousands die annually from the use of the accursed drugs. The drunkard drinks Nerve not because he likes it, but for the gratification of a morbid and tempting appetite, little thinking that he is on the road to ruin, and that he will soon be a victim to the drug he is daily gratifying to a horrible antidote. The maddening influence of the drug takes strong hold upon its victim, leading him on to his own destruction. The habitual Opium Eating and Liquor Drinking has produced what nothing is to circumstances, as ever-eating food influences you strongly, while administering to cravings until you yourself to fulfill the demands and appetites for every article of liquor or some of narcotic, and when you are only sold by its Nerve from, until it consumes the whole system, and you are a victim to its destructive influences. It often "bites, gives, gives" but never restores until its own capacity devours itself. SAMARITAN NERVINE gives instant relief to all such cases. It produces sleep, quiets the nerves, builds up the nervous tissue, and restores body and mind to a healthy condition.

SAMARITAN NERVINE

Cures Nervous Dyspepsia, Prolapsition of the Heart, Nervous Headache, Neuralgia, Syphilis, abscess of the Kidneys, and all diseases of the urinary organs. It is a powerful tonic, and when the nervous system is weak, permanently cured by the use of this invaluable remedy. To you, young, middle-aged and old men, who are receiving your sufferings as with a mantle by silence, look up, you can be saved by timely efforts, and make strength to nobility and benefit to the owners of your blame, if you will use not take a second longer, until it saps your vitals, and destroys both body and soul. If you are from abroad, take

Dr. Richmond's Samaritan Nervine

It will restore your shattered nerves, arrest premature decay, impart love and energy to the whole system.

SAMARITAN NERVINE

Cured my little girl of fits. She was nine feet and dumb, until I used her. She can now talk and hear as well as anybody.

May 1

COUNTY COUNCIL.

A Lively Discussion—The Closing Session

SATURDAY MORNING.

The report of the Committee appointed to consult Dr. Henderson as to whether the county had a claim upon Mr John Fraser for the Bath road dividends due it, and that Dr. Henderson was of opinion that the county had no claim upon Mr Fraser. However, as the county could recover from the Company all dividends declared at his the last six years.

It was decided to make a demand upon the Company for the dividends.

THE MARKET BYLAW.

Mr McGrath referred to the Market Bylaw, and said that it did not expect the agricultural. Several farmers have complained to him that while they were standing on the streets selling grain they were told to move on to the market. The Market Bylaw does not afford the farming class allowed by such Parliament. To force it obliges on the Mr Parker was in favor of repealing the Market Bylaw was the re-election, and he had ever seen, and he considered that in selling ed up the Council. Nonsense, he said, it doesn't make the common people dear, that the farmers would get fair prices.

Mr Lindsley thought the Market Bylaw should not on the rights of the farmers.

Mr Meloreth said that the Bylaw was passed the County Council to protect them from being imposed upon when they came to town. He was in favor of the Bylaw, as the country the proper body to make that complaint.

The Warden and Messrs Dennison and McGrath were appointed a committee on the matter, with power to act.

FINAL REPORT

The Finance Committee Report recommended that the same rate be levied as that from all the assessed real and personal property for all purposes for the year 1882, that is, in 1881, less a reduction of 4 cents on the dollar.

The report was received and adopted

THE AUDITORS' REPORT

The committee appointed to examine the Auditors' Report recommended that it be received and adopted, which was done.

RAISING THE MONEY.

A by-law was read and passed authorizing the raising of $7,000 for the purpose of the forging county expenses during 1882, and that $12,200 be raised, by levying a special rate of 2½ mills on the dollar, said rate to be called the Shoemaker-Lebo rate.

WORTH AND MERITS.

The report of the Committee on Roads and Bridges was then amended that the matter of the petition of Wm. Martin and others, of the township of Kingston, for gravel, and that the road between Pembroke and Loucks be opened up.

That the township that removed the road grants last year be granted $30 each. The township are Barrie, Bedford, Palmerston, Kenebec, Olden, the and Hinchinbrooke.

Mr Flynn moved that Howe Island be inserted in the report, and that the lump sum be given $40 instead of $30.

Mr Parker moved that Loucks be granted $40 for the repair of roads in Loucks.

CARRIED.

Mr Dennison thought Portland had a greater claim for money for road purposes than any other township. Thousands have been spent on the highway by that township.

Mr Walker said Portland got more grants for roads than any other township.

Mr Dennison insinuated the former statement as gas and horsemeat. There was only one year that Portland received more than its share—and that extra amount was only $50.

Mr Bedlidge said that he was startled at the sweep; was stammered some too, but if stone would be found embedded in it a great deal would have been expended on it.

Mr Walker contended that Portland was a pet township before Mr Dennison was one of his tenets.

Mr Dennison—If there is any flake in the affair, it is in connection with Loucks. $100 are granted to build a floating bridge there, but the bridge was never put.

Mr Howard was sorry to see an attempt made by go back to the old system of making general grants. He thought the report should be passed unanimously.

Mr Haycock moved that $600 be granted for the purpose of opening up a road in the rear of the township of Kingston. Lost.

Mr Walker's motion, asking $40 for Loucks, was lost by 13 to 8.

Mr Flynn's motion amending the report by adding Howe Island to the list of the townships to receive grants, and raising the grants $60, instead of $30, was carried by 13 to 8.

Mr Flynn submitted a by-law confirming the granting of the money named, which was read and passed.

THE FAIR AGAIN

On motion made by Mr Flynn, seconded by Mr Parker that the matter of making a grant to the Exhibition be reconsidered, was lost.

THE GRASS

The Sheriff and caretaker were given permission to cut the grass on the Court House grounds.

The Council then adjourned till the last Tuesday in November.

Death Doomed Guiteau.

Washington, June 19—Guiteau has as yet shown no fear of meeting death, although it is expected by the good officials that he will break down at the last moment. He is inclined to be very serious and indulges in no bravado, but says he has no doubt of the hoop that the President will reprieve him. The prisoner is under surveillance day and night, and no one is allowed to speak to him excepting the counsel and Dr Hicks, the clergyman in attendance. It is said that no one is permitted to see the prisoner, but he is properly nice dined are examined all over and the privilege of passing through the hands of the Marshal. Numerous cases of attempts have been made to introduce poison into the jail, but the precautions are so numerous that it is practically impossible. Guiteau's meals are prepared by a colored woman of his own race in reading the Bible, an occupation that is practically appropriate. He is perfectly safe from assassination. Arrangements for the execution have yet been made, and the final programme and not be announced until the day before it is to appear. The gallows is a permanent structure and always in position. So far as the new drop is concerned, it is said to examine the lines of it appear that the platform will fall with a jerk. Phonetic it will require a strain of 400 pounds to spring it, and it will be necessary to increase the weight to 500 pounds before the platform will fall. Guiteau has a few persons per day to visit him, and not more than one hundred, but whether the place of execution will be changed to the jail yard, charged the executive, and the law requires that it must be in the District Attorney should direct. Guiteau's counsel, Scoville, physicians, twelve respectable citizens, near the jail, will be summoned, and not more than they would and others will be required to be present. A space possibly, however, be summoned.

Burnett's Cocoaine

Promotes the growth of the hair, and renders it soft and glossy. It is not a dye, a liquid form, in large proportions, developed, thousands of prepared testimonials from those who have used it. Sold by druggists everywhere. Sold by N. C. Polson & Co.

Herdsman's Fate.—Though good natured and popular with his companions, Herdsman's fate was a sad one. Many of his friends thought he was a little eccentric, but no one ever dreamed that he would commit suicide. Before doing the rash act he wrote a letter to his father, Mr. Herdsman, of Kingston, in which he stated that he was tired of life, and that he could not stand the pain from his head any longer. He had been subject to severe attacks of headache, and had consulted several physicians, but could get no relief. He had also tried many remedies, but they did him no good. He was buried on Wednesday afternoon, the funeral being largely attended.

Esthetics is the science of the beautiful. The moved of merit for promoting health, which is the foundation of all real beauty, is whose incomparable Hair Vigor is a universal beautifier of the hair. Harmless, effective and wonderful. It never fails to restore to gray hair its original color, with the freshness and beauty of youth.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP for children teething. It will relieve the poor little sufferer immediately—depend upon it, there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold by druggists throughout the world. 25 cents a bottle.

Don't Doubt It

Unless you have tried it. Many have suffered by failure, and although you may have tried many remedies without relief, you should not doubt that you will find the right one in Dr. Pitman's Painless Corn Extractor. It is a positive remedy for all corns, and once used at once cures. This has been introduced for by thousands who have tried it. Sold by druggists. Sold by N. C. Polson & Co.

Honesty

It is commonly said that you cannot make an honest man believe that white is black and vice versa, but those who have grey hair, if they use Buckingham's Hair Renewer, will find that this apparent difficulty is easily overcome. For sale at Wade's Drug Store at 50 cents per bottle.

There's Where the Shoe Pinches.

Corns are a capital indicator. They tell to a hair's-breadth whether your shoe maker has made allowance for their dimensions or not. Corns will require an accident policy at once, or Putnam's Painless Corn Extractor removes them in a few days. No pain; no discomfort, and permanent benefit. Try it Sold by druggists everywhere. Sold by N. C. Polson & Co.
