NINE REASONS WHY THE CENTS PATENT ENAMELED COLLAR IS SUPERIOR TO ALL OTHERS, IN POINT OF ECONO-MY, STYLE AND COMFORT.

Finar - They are superior in shape, look neater, and retain their shape better than any Collar worn. SECOND. - They are sold forless than the

price of washing a collar. THIRD. - They are guaranteed to fit, and from a peculiar cut (secured by patent) they de not break down or muss, but give with

every turn of the bend. FOURTH. - There is no trouble in fastening, they are secured by a portion of the collar and tying the cravat secures and keens them in place.

SIXTH. - They are made of a combination of Paper and Cloth, and in finishing, the complexion Price 50 cents. Inventor and paper retains an enamel which dirt will

not stick to, or perspiration affect. SEVENTH .- You have only to get the colcasion to try on three or four and look thro as many dozen to get one to suit, as these never stretch or vary in size like a collar that is washed.

Eighth - To gentlemen who care to save their wives labor and trouble (and who does not ?) and at the same time economise, they are just the thing, and to all gentlemen who pride themselves on the perfective their collar, we say, try the Patent Enam-
