CIRCULAR.

SIR,—As there is some indication that in the course of next Spring, there will be a larger Emigration from Europe to Canada, than has been for some years past; and as it is desirable that the Emigrant, on arriving, should be provided with employment as quickly as possible, I shall feel obliged by your adopting such means as you may find most convenient to ascertain what number of Farm and Domestic Servants—Men and Women, Boys and Girls,—and further, what number and class of Mechanics would be likely to find employment with your Municipality; and reporting to this Department, as soon as possible, the result of your enquiries.
Complaints have been made, from various parts of the country of the scarcity of Laborers, &c., and the want can probably be supplied next season, by the combined action of this Department with the authorities in the different localities.
I am, Sir
Your obedient Servant,
P. M. VANKOUGHNET,
Minister of Agriculture, &c.
