We think it is hardly known even to the most intelligent of our readers, how deep some of the sciences are looking down into the mysteries of creation. We knew there were wonderful discoveries in these times, and wonderful uses made of them, but did not know the Chemists were imitating in their crucibles, and even surpassing the most wonderful productions of organic life. During our visit to Lowell we were introduced by one of their prominent citizens to the laboratory of Dr. Ayer, (inventor of Cherry Pectoral and Cathartic Pills,) where we were shown with generous frankness, his processes and his products. This master genius of his art is manufacturing the subtle essences of flowers from tar and other vegetable substances. His essence of Pine Apple, Strawberry, Checkerberry, Quince, Pear, Canella, Cinnamon &c., not only equal but they exceed in purity of flavor, those vegetables themselves. His oil of Winter-green is purer and of better flavor than any that can be gathered from the plant—and yet is made by chemical composition from the Hydro carbons in tar! His process is, to analyze the substance and find the exact ultimate atoms of which it is made, then recompose them in the same proportions which exist in nature.—Christian Advocate 56

IMPORTANT NOTICE.

But one solution to the mysterious office performed by Dr. Smith's "Electric Oil," of Philadelphia, that any Physiologist can thus far discover, which is, its probable incorporation with the nervous fluid of the body, as pains are in the nerves. On no other principle can this be explained. Rheumatism has been much talked about and little understood. This Oil, if genuine, is known to cure amaurosis.

Do you know that Dr. Smith's genuine Electric Oil will cure Gravel, Kidney Complaints, Gout, Rheumatism, Salt Rheum, Erysipelas, Scaly Eruptions of the Skin, Ear, Tooth and Headache, Amaurosis, Cramps, Indolent, Swellings, Tic Doloreaux Neuralgia, Paralysis, Weak Ankles, Limbs, and Joints, acute nervous pains, instantly, Burns, Felons, Wounds, Piles, always. Try it, and you won't wonder at its popularity. The genuine Dr. Smith's Electric Oil is always signed A. E. Smith. Grand Central Depot, N. E. corner Walnut and Eighth streets, Philadelphia. Beware of counterfeits.

P. S.—Col Wallace, the distinguished Editor of the Philadelphia Sun, says:

SMITH'S ELECTRIC OIL.—Among the many evidences of sympathy for those injured by the late railroad accident, we are pleased to see that Dr Smith has tendered the gratuitous supply of his Electric Oil, as well as the personal services of himself and lady. The Doctor has a heart "open as day to melting clay," and his valuable medicines deserve all the popularity they have attained.

BLEEDING AT THE LUNGS.—Many just within the grasp of consumption are saved every year by the faithful use of Dr Wistar's Balsam of Wild Cherry. Its success in allaying and curing severe protracted coughs is remarkable. 49

VALUABLE MEDICINE.

We presume no medical preparation ever offered to the public has been more thoroughly tested than Perry Davis' Pain Killer. Thousands of persons, were they called upon to do so, would cheerfully testify that they have used it for various ills, with the most satisfactory success. It is within our knowledge, that an immense amount of suffering has been relieved by it. Its proprietors save no pains or expense in order to satisfy the public.—Being strictly honorable men, they observe the utmost uniformity, in the manufacture of their celebrated Pain Killer. The materials of which it is composed are carefully selected—none but the best being used. By these means the high reputation which the Pain Killer has long since acquired, is at all times sustained. In view of these facts, we are by no means surprised to learn that Messrs Davis & Son's sales are constantly and rapidly increasing.—[Providence General Advertiser

Sold by E. W. Palmer, Kingston.

Wistar's Balsam of Wild Cherry.

From the New York Evening Mirror, May 25th.

"Among all the Panaceas advertised for the cure of human ailments, there is none in which we have more confidence than Wistar's Balsam of Wild Cherry. We regard it as one of Nature's own preparations—simple, safe, pleasant to take, and almost certain to cure all bilious and pulmonary affections. We have witnessed its wonderful effects in cases that were regarded as hopelessly desperate, and we can conscientiously recommend it as one of the best medicines in the world."

It has proved more efficacious as a remedy for Coughs, Colds, Influenza, Bronchitis, Asthma and Consumption in its incipient stages, than any other medicine.

None genuine unless signed I. BUTTS on the wrapper. 49

BEST HAIR DYE IN THE WORLD!

This is strong language, yet Bogle's Electric Hair Dye (recently improved) was proven to be so, by the judges at the late mechanic's Fair, held in Boston, (among whom was Dr. Hayes, the eminent chemist and State assayer) who awarded it the PRIZE MEDAL AND DIPLOMA, over the choicest Hair Dyes on exhibition from all parts of the Union. Its unparalled superiority consists in, 1st. The ingredients are nourishing to the hair, not destructive as others are. 2d. Does not stain nor hurt the skin. 3d. Is easily applied, and dyes the hair any color required, from a delicate brown to a deep black, so natural as to appear marvellous. Manufactured, sold and sold by WM. BOGLE, 277 Washington st. 232

KINGSTON, C. W.

NOTICE,

THE undersigned begs to return his most sincere thanks to the travelling community, and the public generally, for the very liberal support they have accorded him during the term of years he has been proprietor of the City Hotel, Kingston, and begs a continuance of that support to his son, Robert Stenson, late of the North American Hotel, Port Hope, who has this day purchased my interest and good will in the business, and the whole effects, furniture, horses and carriages, and everything on the said premises, by which no disarrangement will be made in the business, which will in future be carried on by my said successor.

CORNELIUS STENSON.

April 1st, 1857.

AS will be seen by the above notice, I have become Lessee and Proprietor of the City Hotel, Kingston, and having purchased all the furniture, horses, cattle, carriages and effects, I shall make such additions in every respect as may be requisite to secure the comfort of the guests, and shall in no respect whatever, spare any pains or trouble to attain that object, relying confidently on the well known character of the house, and my own untiring exertions, to merit public approbation and patronage.

ROBERT STENSON.

AUCTION SALE
OF
CHOICE BUILDING LAND.

TO be Sold by Auction, on or about the 1st of May next,

50 Lots of Building Ground,

From one-fifth to one-half of an Acre each, immediately adjoining the

Belleville Station of the Grand Trunk Railway of Canada.

The Land here offered for Sale will afford an opportunity seldom to be met with, to parties looking either for large and certain returns for invested Capital, or Sites adapted for the erection of Public and Commercial Buildings, or healthy and convenient Residences.

The situation and character of the Land are admirably adapted for Building purposes, lying on the immediate outskirts of one of the most prosperous and rapidly growing Cities in Canada, and the surface being gently undulating, and abundantly supplied with Water.

The Sale will be Without Reserve, and Liberal Credit will be given. Further particulars in a future Advertisement.

For information apply to the undersigned at Kingston, or to Messrs. Ross & BELL, Solicitors, Belleville.

"LITTLE GIANT"
Corn and Cob, Pea and Oat Mill!

THIS MILL combines, in a remarkable manner, SIMPLICITY and POWER and may be adjusted and put into operation by any person, (no matter how ignorant he may be of machinery); while its efficiency, as a

Corn and Cob Crusher,

surpasses anything of the kind in existence, and fully warrants the unique appelation of the "Little Giant."

This crusher is adapted not only to the grinding of Ear Corn for feed, but also to the cracking of Corn, Peas, and Oats, together; in which it is unrivalled.

The economy of grinding up cobs with corn, is hardly now an open question. Full experiments have been made, and the results frequently published. It is not pretended that the cobs are rich in the element of nutrition, compared with the grain, but they have been found to yield spirit or distillation, a proof that they are far from valueless, and also answer admirably the purpose of procuring the necessary distention of the stomach, and promoting digestion.

The "Little Giant" is of two sizes, costing respectively $40 and $60. It will turn out, according to size, from ten to twenty bushels an hour and do its work most thoroughly and satisfactorily!

These Mills are to be had in all the principal Towns in Canada.
