Kingston, June 15th, 1857.

She Dauly Brillish Wyty.

BATURDAY MORNING, JUNE 20, LETTERS AND TELEGRAPHS RE CEIVED.

P. M., Birmingham's; P. M., rapidly occupying the land at the back. Toronto ; J. S. V., Chatham.

LONDON, June 5th, 1857. ince the departure of the last packe saure in the London money market and the preparations to transmi C1.000,000 more in the course of a fortight. But for the favorable quota ions the Chinese rates of exchange, received by the last overland mail, the Bank of England would by this time have been prepared to reduce their rate of discount from 61 to # per cent. Under existing circumstances, though £600,000 of gold, long everdue from Australia, has just arrived, it is possible to conjecture when a relaxation may take place. The ten lency, not with standing the large exportation of silver, a rather toward an increase than a decrease rovement is altogether slow and uncertain. is that the bullion in the Bank of France in believed to have received an augment: tion equal to more than a million sterling

during the past three weeks. In the consol market the speculators still obstinately cling to their anticipations of the approach of better times, and therefore continue to borrow money at the rate of - 6} per cent., to keep their hold upon stock are less active and few new enterprises meet with the least attention or favor. The £1,000 shares of the Atlantic Telegraph Company on which £500 have been paid are quoted at £410 or 90 discount.

It is probable on leaving work at 41 p. m., the usual machinery were insured £1.000,-£500 the "Monarch," and £500 in the "Livery and London" Company; the actual however, will be about £1500. During the fire there were three successive explosiwhich at the time counted for, and created considerable alarm; these, it has been ascertained, were caused by the bursting of three air tight sylinders on the drying machine, which expanded with the heat occasioned the noise. The Mill contained three engines for grinding, with pyers, &c., complete, for the manufacture per, and was working day and night. was the only paper mill between Toront Montreal, its loss to the town and comnity generally is much to be deplored, and we trust that it will suga, he worked the perseverence of its conductors be duly appreciated and rewarded.
