SALE OF AMHERST ISLAND.

All the remaining right and title of the Earl of Mounteashell in the fee simple of Amherst Island, (a separate Township,) was sold at Sheriff's Sale in Kingston, Saturday last. The purchaser was A. Macdonell, Esq., (probably for a client,) and the price the Island was knocked down the window, \$500 in \$5 bills were found for was £6 003. It is said that Mortgages exist to the amount of £66 000, which added to the purchase money and costs, will make the Island cost £75,000! There were upwards of 20,000 acres in fee simple belonging to the Earl, all in excellent cultivation and worth £8 per acre, exclusive

GRAND TRUNK RAILWAY.

The following circular, addressed to the Mayora of every city and town in thousand has seen issued from the London Office of the Grand Trunk Hadway. We hope it will receive the attention it ments from the parties to whem it is addresed ;-I ffices of the Grand Trunk Railway Company of Canada 21 old broad Street.

Louden, 14th July, 1-57 Sur, - Permit me to state to you that aded by me, during the last three morths, in the vessels, will commence submerging it the newspapers of largest circulation to the effect that the pamphlet issued this pects in store for the incustrious of all classes who desire to emigrate more, is deliveard gratuitously, to all persons who apply passengers afforded by the Grand Trunk System, together with a nap . I Canada, in which the shortness of the 6 from Europe and the connection Harlways of Canada, with thuse of United States, are shown

These advertisements have led to large an amount of enquiry at this office. knows where itrem. God bless you ail, tal Palace previous to their departure for that with a view of dimensishing correspondence the accompanying "information Cirledlar" has been compiled, and I have arranged that for the future a fresh humber. containing every description of information that it is possible to empody in suca doculest period shall be issued on the Wednes. Ship Joseph Rowan, Harrison, 28th May. day of each week through the year. eral Sir W. Eyre. As His Excellency was In the House of Commons on Tuesday, large number of enquiries I roceive, telate 'for persons to settle,

We give the best particulars in our power, but it would add greatly to our value of the Circular, and to nur means of affording the most accurate information, if each City, railway officers, by whom Curtis was The preparations attendant upon the Town, Vilage and Township in Canada ment specifying the number of work-perscription, that could find profitable employment within its limits; the rate of wages paid for each description of labor, and the best mode of reaching the district.

All these particulars and any other informatten of a practical and us ful character, received, will be most carefully compiler for the Circular; and I have no doubt bu that their publication, in the manner I now propose will be found very effectual in affording that kind or knewledge the diffusion of which will be equally beneficial to the

emigrant and to the Districts in Canada which requires their services. I therefore beg the favor of your co-oper ation, and that you will cause a letter, prepaid to be mailed to no at the above address, about the 10th of each month, formahing me with the information I now seek in the fullest and most complete manner

can be afforded. The motive which induces me task for and to diffuse information about Canada in Furope, may perhaps be misunderstood I therefore desire 'o state at once that my first object is to attract traffic to the Grand, Trunk Railway, not only by inducing emi g ants from Europe to travel over the line to their des mation, but also by showing how they can at once get profitable employment in Canada, and thereby obtain that business for the rai way which the increased commerce and population of the country must necessarily afford.

The general reterests of Canada cannot fail to be premoted by the adoption of this course, and it is from this point of view 1 would beg you to consider this application. Trusting that I shall be turnished with an early communication from you, and that may also have one in regular monthly

I have the honor to be, Your most obedient servant GUSACK P. RUNEY.

> BOANDS OF ARTS AND MANUFACTURES. -1lon. Mr. Vankoughnet, by adverti ement in the Government organ, has up- | ed for, and transactions to some extent meetings to be held at Montreal and TR. the last few days. Attagether business matnto, respectively, for the organization of a Board of Arts and Manufactures for each see ion of the Trovince, under the Act should be elected at the first meting of firmness as at any time this season. Desuch In titutes af er the 1st of July last | mand was setting in, prices are expected to past But as it provided in the same clause "that no such Mechanics' Institute ! "shall be entitled to elect and accivelit any "-uch delegate to the Board of Arts and "Manufactures, unless it shall have paid | Clayed, Sour, Tart and Sweet from 2s 2d "and contributed to the funds of such B and, | a 2 s 3d. "at least one-tenth of the amount of Gov-"ert ment aid granted to such Institute "during the year then last past," we do not very well see how such elections can i t ke place prior to the meetings called, as Odile was sold at 30s per chaldron, eash .for the Institutes to pay their money to. even if they should feet disposed to avail themselves of the privilege .- Colonist. THE HARVEST IN THE WEST.

The Wheat-harvest in Western Canada is | still saleaule. now fairly begun The weather is favorable and if it continues so for the next ten days, the best part of the Wheat-crop will be safely housed. The introduction of the by one-half at least, -a result of much importance in a country peculiarly liable to Unfortunately, recent storms have "laid" the grain in some parts of the country badly, that the old-fashioned "cradle" will be called into requisition. Liven the Sickle the oldest of all harvesting implements, will have to be brought forth from its dusty hidmy place, and taken to the field. But la. quotations; no sales reported. bor is generally abundant and aided by machinery where it can be u ed, our farmers will easily secure their or ps if vouchsaied the usual amount of good weather.

We are good to find upon a careful com-

townships west of London, and along the Niagara frontier, the wheat crop of 1857 will be quite equal to that of any former year. The average yield may pessibly be less, and the sample may not in all cases be equal to that of last year, but the | Hank Goldays, London, difference, su far as we can judge at pres- Private. 90 do ent, will be slight. We hear companies of Bank, demand, N. York, smut where it has not been seen for several seasons, and late wheat will probably beanjured by rust, but the bulk of to crup has escaped the last evil. We have seen samples o new wheat from the township of York which would commend the top price Flour Pews ........... 18 9 to 1 in an , market. Cats and Barley have been somewhat injured by recent storms, espo cially by that of Freday, which, taking its rise in Lake Huron, as opt over a wide helt it country between Huron and Ontario, levelling many fields in its ammediate track to the very ground. But both oats and bar- l'armps do. ley are generally well advanced, and though rendered more difficult to harvest, will be Butter 41 h but slightly injured by the storm.
