CAUTION.

THIS IS TO CAUTION any person or persons from renting of Samuel or Gilbert S. Casey, my Dwelling House and Store in the Third Concession of the Township of Adolphustown, near the Messrs Platts, as they hold my property unjustly and a writ from the Court of Chancery will dispossess whoever may rent their premises, and seize their goods and chattels for costs and damages.

I also caution all INSURANCE COMPANIES from insuring the above House and Store, because, if they have insured, or do insure, under the circumstances, it will be for no useful purpose.

Joy to the Admirers of a Fine Head of RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of hair, then read the following and if you ask more, see circular around each bottle, and no one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE.—We call the attention of all old & young to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or diseased in scalp, to use it; and surely the young will not as they value the flowing locks, or the stylish curl, ever be without it. Its praise is upon the tongue of thousands.

The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

Deep River, Conn. July 23, 1856.

Mr. Leaven worth—Sir; I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out scurf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store the 1st of April last, and & purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow, it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as anything of the kind is used in this place, you may have a market for many bottles after it is known here.

Yours with respect, RUFUS PRATT.

Philadelphia, Sept 9, 1856.

Prof. Wood—Dear Sir; Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its coverings in fact bald. I have used but two half pint bottles of your Restorative, and the tip of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it.

Yours respectfully,
D. R. THOMAS, M.D.
No. 464 Vine Street.

Vincennes, Ia., June 22, 1853.

Prof. O. J. Wood: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that, I have for several years been in the habit of using other Hair Restoratives, and I find yours vastly superior to any other I know. It entirely ceases the head of dandruff, and with one month's proper use will restore any person's hair to the original will restore any person's hair to the original youthful color and texture, giving it a healthy soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore, recommend its use to every one desirous of having a fine color and texture to hair.

Respectfully yours,
WILSON KING.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF
Colds, Coughs, and Hoarseness.

BROOKFIELD, Mass., 20th Dec., 1856.

DR. J. C. AYER: I am not unwilling to make the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, in your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of those complaints. HIRAM KNIGHT, M. D.

A. D. BUTLER, Esq., of Utica, N.Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for the purpose ever put up. With it 'in the house' I would never pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, Mass., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of Whooping Cough, Croup, and the other diseases of children. We find it highly efficacious in the cure of colds, and appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTREAL, Can., writes, 22 Jan., 1854: "I had a bottle of your CHERRY PECTORAL, which confirmed me in those views which took many sanguine without result. Finally tried your PECTORAL for the advice of our Corporation. The first dose relieved the tightness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we cannot, in justice to you, and for the good done, us the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, Pa., Feb. 6, 1856.

SIR: YOUR CHERRY PECTORAL is the best remedy for Asthma in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. S. RAMSEY, M.D., ALTON, MONROE Co., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 1, 1856.

DEAR SIR: Lowell H. Bell is a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no physician gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. Three bottles have restored her to perfect health, and she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and respect, ORLANDO SHIRLEY, of PARKERVILLE.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence all other cathartics, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart to them such strength to do the work required. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Pills are the best they can employ in the treatment of the afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from Disordered Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, All Disorders and Obstructions of the Liver and Stomach, Bilious and Obstinate Diseases which require an active Cathartic Medicine, for which Ayer's Pills are the best remedy known.

Curing the blood and stimulating the system, cure many complaints which it would not to suppose they could reach, such as Deafness, Partial Blindness, Neuralgia, and Local Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best and there it is for them, and they should have it.

Practical and Analytical Chemist, Lowell, Mass.

INDIAN MEDICAL SOCIETY.

AT a meeting of this Society, held in Boston, Oct 1st, 1856, the following Resolutions were unanimously adopted:

Resolved, That in according a cordial welcome to extend and promote the benefits of the Indian Medical System, principles, we believe we are conferring a favor upon the afflicted, and advancing the cause of TRUE Medical Science.

Resolved, That we have had ample testimony that Dr. Green's treatment has cured hundreds of cases of Cancers, after they have been pronounced incurable by other physicians, and that his modes of his practice for the last ten years conclusively prove that Cancers, Tumors, Humors of the Blood, and other diseases which have found no remedy in the labyrinths of the old existence of medicine, are permanently cured by the Indian vegetable use of "Nature's Arcana," and not by a skilful hands.

Resolved, That we will not countenance ignorant pretenders, or quackery in any form, or receive as physicians into this Society, persons who have not received a medical education.

Resolved, That a copy of these resolutions be furnished for the newspaper entitled "Nature's Arcana," and that an extra copy, containing references to cases cured in different parts of the country, be furnished gratuitously to any person calling at the office, or ordering the same by enclosing a postage stamp addressed to H. R. Greene, 36 Bromfield st., Boston.

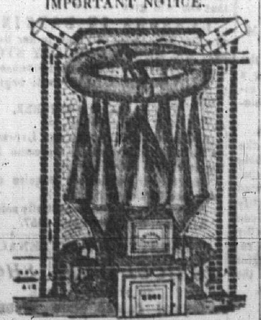
IMPORTANT NOTICE.



GARDNER CHILSON has just completed and patented in America, England and France, his new invention—THE CONE FURNACE—and asks the special attention of those about erecting or remodelling buildings, as well as dealers in Hot Air, Steam or Hot Water Furnaces, and all interested in Steam Power, to carefully examine this invention, which entirely CHANGES the PRINCIPLE and CHARACTER of HOT AIR FURNACES, *developing another and a new principle*, and obviating all former objections to their use. The practical operation of a number of these Furnaces, erected during the past winter, points out a new discovery in science by which the most wonderful economy in fuel has been attained, and clearly demonstrates, that the waste heat lost from chimneys is enough to warm every dwelling in the city. By this invention the heat formerly lost is made to warm the house.

This discovery—simple in itself—is the daily wonder of those who witness its results, and it becomes a matter of surprise, that a plan at once so simple and practical in its operation, should thus far have entirely escaped the notice of scientific men. We believe no one who investigates this principle will be liable to use a furnace constructed on any other principle, and we invite all who would witness its operation to call at the store of

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed, growing on the pastures and along old stone walls, sho'd cure every humor in the system, yet it is now a fixed fact. If you have a humor it has a start. There are no ifs and ands, hums nor ha's about its selling some cases but not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts.—I give it to children a year old; to old people of sixty. I have some poor, puny, worm looking children, whose flesh was soft and flabby, restored to perfect health by one bottle.

To those who are subject to the sick headache one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed; they always disappear in from four days to a week. There is never a bad result from it; on the contrary, when that feeling is gone, you will feel your self like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

Nothing in the annals of Patent Medicines has ever been received by the public with such favor as this simple preparation. It is now composed of nine different herbs. In May, 1852, when I commenced making a business of it, I sold about two bottles per day.—In June, 1853, I sold 4320 bottles. In October, 1853, I sold 6120 bottles. I hope you will call that doing well; I do.

In my own practice, I confine it strictly to humors; but there are some who are so enthusiastic in its favor they think what cures them will cure any thing and any body; they accordingly recommend it for every variety of disease. In this way a great many virtues of it have been found that I never would suspect.

Cases of Dyspepsia, of many years standing, that withstood every known remedy, have been permanently cured.

I knew one man to gain 17 lbs. by taking three bottles; another 11 lbs.; another 10 lbs.; and another gain 7 lbs., the venerable Master Robinson, of Boston.

In diseases of the Liver it is a specific. I know several with yellow skin and yellow eyes, the body emaciated and the mind melancholy, get fat and cheerful by a few bottles.

I know several cases of Dropsy, and one particularly bad. A lady, aged 79, was unable to leave her house for the last twelve years, was so much reduced (she was reduced in circumference thirty four inches) as to visit her friends in several neighboring towns.

Another had the Dropsy in her left leg, and was unable to walk for ten years, sometimes swelling to an enormous size; at last bursted, making a bad wound, which could not be healed; by taking three bottles and using two boxes of ointment she is now quite well. Why it should make some fat and others lean, I cannot tell; but so it is.

I know of several cases of Kidney complaints cured by it. If the columns of all newspaper was a proper medium, I could tell of cases of the most distressing of all diseases that would make your heart bleed, that were permanently cured by it.

It has lately been found to be a sure cure for the Panama Fever. In one case, the first spoonful put off the fit two hours. One bottle cured him. Another came home to die, and was induced by his brother to try it. Three bottles cured him.

It likewise gives great relief to the Asthma. A lady in Lawrence was unable to lie in bed for a number of years; she can now lie without the least inconvenience.

A lady in Weymouth lost the use of her left side by the Erysipelas. On the second bottle, she broke out in one mass of humor from head to foot. In a few days she was well.

It has lately been found to be equally good for humors outside as inside. Taking it inwardly in the meantime, for Erysipelas, Salt Rheum, Pimples on the Face, or any eruption on the skin whatever; only where the flesh is very sore you must dilute it with water.

When made weak enough it the best eye wash for weak, and watery eyes that I ever saw.

Others use it to cleanse the dandruff out of the hair and strengthen its roots, which it certainly does; and to crown all, it made the hair grow on bald heads, which, if I had not seen with my own eyes, I would not believe from you or any body else.

As regards dieting, I never came across the first person that ever got any benefit from it. On the contrary, numbers came to death's door by it, as it gives the humors the upper hand. My medicine requires the most nourishing food you can eat. It will soon give you an appetite.

Do not for a moment suppose that I warrant a cure of all those diseases in every case. I merely tell you what it has done, hoping it will do the same for you. I do not warrant a cure in any disease but humors, where it never fails. For further particulars see the circular around each bottle.

No change of diet ever necessary. Eat the best you can get, and enough of it.

I have an herb, simmered in olive oil scatters Scrofulous swellings of the neck and under the ears. Price 50 cents per Box.
