This Grand and Important Plan is particularly deserving of attention from every class of the Terms low. THE Subscribers respectfully info m the community of Canada and various parts of the United States, whether directly interested in Railroads or not. It has been projected as a great public advantage, that of opening a Railroad communication across the Peninsula to the far West, in connection with the lines now finished from New York and Boston to Oswego-thus rendering the Northern Route, by Totalto to the Western States, shorter than any other by s veral hundred miles--the distance across the Peninsula being only about Eighty Miles, thus avoiding the circuitous and dangerous route by Lake Erie and the Southern snore of Lake Huron.

It is presumed that when this line of Rul vay is husbed, it will be the best paying Stock in North America. (3- Applications for Tickets (enclosing remittances) to be addressed (post paid) Union Tirage Hall, Toronto, 1st January, 1850. CAPREO'L, MANAGER.
