This Grand and Important Plan is particularly deserving of attention from every class of the community of Canada and verious parts of the United States, whether directly interested in Ruitroads of not. It has been projected as a great public advantage, that of opening a Roll- J mad communication across the Peninsula to the far West, in connection with the lines now nished from New York and Boston to Oswego-thus rendering the Northern Route, by Toronto to to the Western States, shorter than any other by several hundred miles-the distance across the Peninsula being only about Eighty Miles, thus avoiding the circuitous and Canzerous route by Lake Eric and the Southern shore of Lake Haron. It is presumed that when this has of Rudway is finen that will be the hest paying Sotck in

North America. 6.3 Applications for Tickets (enclosing remittances) to be addressed (post paid)
