factory and welcome manner, and the num- ing loans, or cents or in case where the party has by Assurance, show how very much such an any way prejudiced in the event of his decease. To Institution on a broad and liberal basis was

required. risks of Mutual Assurance.

the value of tife in different countries, and prudent or expedient to provide. the directors are confident they have adopted as moderate a scale as can be held compatible with safety.

Progress of the Company .- The Colonial commenced business in 1846, and the result which has a tended its operation fully bears out the anticipations of success which its founders entertained. The Company have granted Assurances, during the past two years Britannia do. 20 alone, to the extent of £300,000 sterling. Division of Profits. The Directors look are so much higher, that comparison is unnece

forward with confidence to a very favorable | sarv result at the first Division of Profits in 1854, The income of the Company, independently of will participate in that Division to the extent | and Ninety Thousand Pounds, Sterling, per Anof five years' claim for bonus. The powers of the Board in Montreal being

absolute for the disposet of business, gives to the Colonial all the facilities of a Company | pany, may do so for a fixed sum, payable at his or essentially local; and combined with the ad ditional advantage of a large Guaranteed Capital, affords the most perfect security all Assurance transactions.

Company,

By order of the Directors. A. DAVIDSON PARKER, Manager for Canada
