Hami ton, John Brown, Esq. the above gentlemen, either for Cash or otherwise - will be ratified.

"Opiier per Orbem Dicor."

FRIDAY MORNING, SEPT. 20, 1850.

LITERARY NOTICES.

THE SEAM TRESS, OR THE WHITE SLAVE, a Tale of perhaps the most popular in the strict interpretation of the word, is G. W. M. Reynolds. But popular as he is, we by no means class him among the purest, or the hest. He writes for the passions of his readers, and he is not particular in his manner, means, or method in exciting those passions. Hence that pruriency of style and language which has driven his books from the tables of the one sex, and has prevented the other from speaking of them in ought but terms of severest condemnation Not, but his works are read, and we fear admired, by thousands who are ashamed afterwards to acknowledge the fact. Mr. Reynolds may be termed the Dumas, not the Eugene Sue of England; he wants the philosophy of the latter, and his resemblance to the former consists mainly in the amazing fertility of his pen, in the vigor of his inventive facu ties, and in the splendor of his imagination. But Dumas rarely condescends to be indecent; and in this respect, Paul de Kock and the inferior writers of that school seem to be the ! people from whom Mr. Reynolds has acquired his grossness; a grossness, which as we said before, has almost rendered his numerous works sealed books to the million.

But Mr. Reynolds can write well when he chooses, and he has done so in the Tale before ns. He has followed up the heart-rending! cry of the "Song of the Shirt," by the tale of "The Seamstress," And, as he evidently " Buckingham,) and these scenes are the mos away. interesting portions of the tale. Mr. Reynolds affects to hate the aristocracy of Eng-

"Possessea of everything that makes life plea | youd Coronto. eant, the wealthy classes ought to be the most perfect patterns of virtue; they have no excuse for immerality of any kind. And yet the British Aristocracy, male and female, is the most loathsomely corrupt, demoralised, and profligate class
of persons that ever scandalised a country. The
men belonging to that class are all intent on seduction, debauchery, and dissipation; the females indignation, against you, for some remarks to buy it, is universally regarded as a bore; largest experience in Madical Science and reabandon themselves to licentiousness and intrigue made during your late trip, upon the dress a- Editors believing that they know what as- search.
