Count Cayour, on the 12th, received olject was to facilitate the settlement of the bank balances—to make the Depart-ment, in facil, a clearing house. The result expected was that us more Exchange would be drawn for upon England or New York than was required for the ordinary basiness of the country. At present the banks, in the settlement of their balances, in the settlement of their balances. The Mayor, in reply to Mr. Wilmest, and the settlement of their balances, who requested him to present an address to the King of Council, and that the Saturday night clossing law should be strictly observed.

In spector of Licenses report monthly to the feet of the bow above water, she seems to him to present an address to the King of Council, and that the Saturday night clossing law should be strictly observed.

The result in the Saturday night clossing law should be strictly observed.

The sea is always high that the Inspector of Licenses be required to the number of hotel and tavern basiness of the country. At present the banks, in the settlement of their balances, in the sea is always high the record that the Inspector of Licenses be required to the bow above water, she seems to him to present an address to the King of Council, and that the Saturday night clossing law should be strictly observed.

Mr. Creighton moved in amendment fleet of the bow above water, she seems to him to present an address to the King of their way across, and sald something to him to present an address to the King of their way across, and sald specific to the way across, and sald specific to be twisted and broken all apart. Nothing Sardinia in which they call his Majesty's attention of Roman exiles, which as another way across, and sald specific to him the required to the between the feet of the bow above water, the seems to be twisted and broken all apart. Nothing Sardinia in which they are took the feet of the bow above water than the Licenses to the beautiful to the required to the required to the required to the beautiful to the required to the required to the beautiful to th direction from the Cauncil.

Mr. Macarew said that the law did not place the responsibility upon the Inspector, place the responsibility upon the Inspector than the Inspector that the Inspector that the Inspector the Inspector than the Inspe pressors, until the long-wished-for hour some dealer in such commodities. Upon isit went out a few minutes afterwards along the reception of this request, Mr. Dallas with McConnel and carried him in I though chains and rally round your standard in ornotes should be a legal tender. obliged to send it, as they now did, to New of Mr. Wilmot to inform as the Inspector of the ship, except that the officers mistook der to bive additional sinews to the army of Mr. Wilmot to inform as the Inspector of the ship, except that the officers mistook der to bive additional sinews to the army of Mr. Wilmot to inform as the Inspector of the ship, except that the officers mistook der to bive additional sinews to the army of Mr. Wilmot to inform as the Inspector of the ship, except that the officers mistook der to be a legal tender. commanded by your Majesty for the inde-pendence and liberty of the Italian nation. the delusion that he had, in some prisoner called for whiskey and washed A letter from Turin, in the Opinione Nu-

tionale, contains the following :--Neapolitan emigrants are beginning to banks, which would be of \$5,000 each, would be of \$5,000 each, would names of parties brought up for infringing three of Mr. or Mrs. Balmer's trunks, and nearly as great as those from Venetia. Several arrive at Genoa every day, and nearly all that has continued to the issue and re- issued to individuels, which would be of the laws, whether against tavernkeepers or the contents which is nearly all that has continued to the issue and re- issued to individuels, which would be of the prisoner, in the contents which is nearly all that has continued to the issue and re- issued to individuels, which would be of the prisoner, in the contents which is nearly all that has continued to the issue and re- issued to individuels, which would be of the laws, whether against tavernkeepers or the contents which is nearly all that has contents which the Duchess forcible and eloquent speech, and was followed. demption of Provincial notes, and to the 1 \$2.000 each, or which, if the House pleased, cabinen, and also the amount of their same and social position.
