THITH IS POWERFUL AND MUST PREVAIL. -The great reason of the unbounded suctess of 'Kennedy's Medical Discovery' that its proprietor has never stated anything in segard to it that was not strictly true. On the other hand he does not in his circular mention many diseases that he has certificates to prove have been cured by his 'Discovery.' When he has said one, two, or three bottles will cure you of Erysipelas, one or two will cure you of Rheumatism, it has always been so. Thence the confidence of the public has been gained, and persons who have been cured course mention it to all around them-giving a notoriety to this medicine that will last long after its Discoverer has gone to eceive his reward for the many he has For sale by all druggists in the British Solicitors.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy frum chronic complaints, one trial of this restorative has proved successful to an extent which uo description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant hand. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.
