HUGH C. THOMPSON, Sec'y. Board of Agriculture. Board of Agriculture Office, Toronto, Sept. 3, 1860.

The New American Watch.

IN ORDER TO MEET THE RE-QUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three-quarter plate model, especially designed for this purpose. In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss manufacturers; and no labor or expense has been spared to this

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of practical results our new three-quarter plate watch challenges competition with any in FOR THE AMERICAN WATCH CO., OF WALT-
