LONDON, C.W., 13th September, 1860.

I have the honor to acknowledge your letter of the 11th inst., which reached me this afternoon. It would be easy to refute the arguments, and contradict the statements advanced by you, on behalf of the Council of the City of Kingston, but I have neither time nor inclination for the task. I have only, therefore, to express my hope that it is your intention to publish your letter without delay. If you do not I shall feel it my duty to do so, in order that it may receive an answer from the good sense of the Canadian people. I am, Sir,
