bly. It is full of valuable information re-lative to this department of the Government, and its management, both in Upper and plans, of all existing Licences, in order that ancesters won for him on those famous Lower Canada. To condensing its contents respecting this section of the Province we, for the present, confine ourselves. It appears that to the 5,152,206 acres of Crown Lands in Lower Canada remaining discontinuous for the Office of the Supervisor of Culiers, and the Content of the Content of the Prince of Orange on a banner, let him also sees in the fishing rights grate. The Prince went so close to the brink anteed under it to citizens of United States, and the fishing rights grate. The Prince went so close to the brink anteed under it to citizens of United States, and the privilege of navigation on the bay and disputes as far as possible avoided or settled between Licentiates; the measurement of the Duke laid a warning hand on him. From Table Rock the party went to the St. Lawrence and canals of Canada, an additional reason in support of his views.

Lands in Lower Canada remaining discontents will for him on those ramous and went to Table rock to see the sight.

The Prince went so close to the brink anteed under it to citizens of United States, and the privilege of navigation on the bay and disputes as far as possible avoided or settled between Licentiates; the measurement of the Duke laid a warning hand on him. From Table Rock the party went to the other conduct and courage of that the Office of the Supervisor of Culiers, and the Office of the Supervisor of Culiers, and the Office of the Horse-shoe Falls. inted gratuitously leaving a balance of anction wherever there has been a demand for 5.376.999 acres for future disposal.
