ERTINE COALOIL! AIS OIL has been a great favorite in Monteval since Coal Oil became the cogne, but on account of its very high price has not been thoroughly introduced here. It is made from the Albertine Coal of Newfoundland, and is entirely free from the adulterations indigenous to Earth Oils as Naptha, Petroleum, &c. It will burn longer and give a more brilliant light than any other Oil, and is at least twenty-five

per cent cheaper. Warrauted free from offensive smell and smoke. Give it a trial, and if not found as represented, your money will be cheerfully returned. A liberal discount made to wholesale dealers by the barrel. For sale at the Medical Hall.
